

Monty In Europe; Britain Sends Reinforcements

Strike May Call 400 Workers Out At Empress Hotel

The Empress Hotel may be involved if the railway strike is called by the Canadian Brotherhood of Railway Employees on July 15, it was learned today.

A union representative said 400 employees of Victoria's largest hotel would go on strike with the rest of the railwaymen if the strike were called next Thursday. The men are affiliated with the Canadian Brotherhood of Railway Employees.

Union members have been informed to take strike action if no agreement is reached by July 15, he said. Such a move, he said, would effect the complete hotel staff.

According to the union representative only a small maintenance staff would be allowed to remain in the hotel.

At the same time it was learned that the strike would probably affect other C.P.R. and C.N.R. departments such as baggage employees and blacksmiths.

Men On Coast Ships Not Involved In Railway Dispute

Wharfmen, stewards and administrative staffs affiliated to the railway unions aboard both C.N.R. and C.P.R. ships are not involved in the railway dispute, it was learned today.

If a railway tie-up takes place on July 15, the shipping employees will not take part in the strike because they are covered by separate agreements with the companies.

This was confirmed by a shipping official who said union members aboard C.P.R. ships had not yet opened discussions with the company.

He added, however, if railway men were granted a wage increase, he expected the shipping unions would ask for a similar increase to bring up their wages up to those of the rail employees.

4 Firemen Hurt As Sacramento's Ball Park Burns Down

SACRAMENTO, Calif. (AP)—Edmonds Field, the 26-year-old baseball plant of the Sacramento Solons of the Pacific Coast League, was destroyed by fire early today.

The flames, racing through the tinder-dry wooden stands, spread to a nearby residential area. Two homes were gutted. A third house and two automobiles were damaged.

Four firemen, including Chief Terence Mulligan, and one policeman were injured.

Yulbi Saporovich, Solon general manager, estimated replacement cost at more than \$1,000,000. He said the insurance coverage would not run over \$20,000.

Jet Planes Attempting First Atlantic Flights

REYKJAVIK, Iceland (Reuters)—Six R.A.F. planes which left Stornoway, Scotland, this morning to fly the Atlantic arrived here this afternoon, landing at Meeks Field. The planes are on their way to Montreal.

The Vampires covered the more than 800 miles in two hours and 36 minutes. They were preceded by a Mosquito weather plane and followed by two other Mosquitos and two York bombers acting as supply and ground crew carriers.

Bad weather had delayed their flight from Stornoway since July 1. Their route from Iceland is by Greenland and Labrador.

15 FROM UNITED STATES
SELFRIDGE FIELD, Mich.

Arab Chieftains Bury The Hatchet

Now, with the Palestine conflict knitting all the Arabs into a warring union, ancient feuds and grudges are forgotten. One of the bitterest feuds in the Near East involved King Abdullah of Trans-Jordan and King Ibn Saud of Saudi Arabia. Twenty-five years ago, Ibn Saud overthrew Sherif Hussein of Mecca, Abdullah's father. Abdullah swore revenge on Ibn Saud, but the two men embrace in Riyadh, Saudi Arabia, during a visit. Abdullah, left, and Ibn Saud "reached complete agreement" during their talks.

Rail Unions Reject Offer But Decrease Own Demand

OTTAWA (CP)—Unions engaged in the railway wage dispute today rejected the government's latest settlement proposal, but scaled down their own wage demands.

This was announced by Frank H. Hall, chairman of the negotiating committee for 18 international unions representing some 112,000 workers, after a short conference with Labor Minister Mitchell.

The minister Saturday had made a suggestion as to the basis on which a strike settlement could be worked out.

"We now have told him that is not enough and we have suggested an alternative," Mr. Hall said.

Emerging from this meeting, A. R. Mosher, president of the C.B.R.E., said simply: "We are standing solidly with the international group."

Neither the Minister's proposal nor the union alternative was disclosed, but Mr. Hall said last week's spread between the railway companies and his group had been reduced.

At that time the unions were demanding 28 cents-an-hour increase against 10 cents offered by the companies.

The international union group, which spent the week-end considering Mr. Mitchell's Saturday

offer, met with the Minister only for about 20 minutes to present its reply. It was understood Mr. Mitchell would transmit the unions' new offer to the railways.

Meanwhile with the deadline for a general rail strike just three days off, it was learned that Mr. Mitchell, in the conferences here, had warned the union chiefs that if the tie-up actually developed the government would take steps to outlaw any future strikes in vital public services.

Mr. Hall said today that this warning would not have the "slightest influence" on his group's actions in the current dispute.

Seven Of Provincial Premiers To Meet On Freight Rates

EDMONTON (CP)—Premier Manning of Alberta said today the seven provincial premiers who will confer with the federal cabinet on the freight rate situation have not yet decided definitely on what steps they will take.

It was announced at Halifax Sunday night that premiers of all provinces but Quebec and Ontario will meet the Dominion cabinet in connection with the federal government's refusal to appoint a royal commission to probe the Canadian freight rate structure.

"The matter is so serious," said Mr. Manning, "that we decided that the wisest course would be to get together and see the federal government again."

Canada At Meeting On Pacific Aviation

SEATTLE (AP)—Representatives of 10 nations with aviation interests in the Pacific area will open the North Pacific Regional air navigation conference here tomorrow.

Delegates will attempt to standardize operational procedures for international flights and to agree on needed air navigation facilities over heavily-traveled air routes in the Pacific.

Conferring nations, besides the U.S., are Canada, Great Britain, the Philippines, Siam, The Netherlands, France and India. The conference is expected to last about three weeks.

LATEST

Detain U.S. Fliers

HALIFAX (CP)—The nine occupants of a converted U.S. Flying Fortress were escorted by R.C.M.P. to detention rooms of the Immigration Department here today.

A later dispatch said the cause of the plane's being forced down at Halifax Sunday night was bad weather.

Bar Auto Vehicles

BERLIN (Reuters)—Russian authorities in Berlin today canceled all permits for German motor vehicles to enter the Soviet zone from Berlin, the German city administration announced.

Backing Wallgren

PHILADELPHIA (AP)—Washington State Democrats stepped up the pace of their campaign today to put Governor Mon C. Wallgren on the party's ticket as a Vice-Presidential nominee. Although Wallgren is making no active campaign for the nomination, he has indicated he is receptive. The Washington Governor is a personal friend of President Truman.

U.S. Asks U.N. Sit On Palestine

LAKE SUCCESS (AP)—The United States formally requested today an immediate meeting of the United Nations Security Council as soon as Count Folke Bernadotte, the mediator for Palestine, arrives. Bernadotte, under criticism from both the Jews and the Russians, is flying here from Europe.

Egg Prices Up 2c

Egg prices jumped here today as the producer and wholesale levels 2 cents a dozen for grade A large and mediums and 1 cent for grade A pullets.

The prices will be reflected on the retail market starting tomorrow.

The new schedule fixes the price to producers for grade A large at 44 cents a dozen. On the wholesale level the price for grade A large is 50 cents a dozen.

Plane From U.S. Held At Halifax; Trip Not Clear

HALIFAX (CP)—Customs Collector Charles Collins said today that, pending advice from Ottawa, he had impounded a United States Flying Fortress carrying nine men after it had landed here on what was said to be a navigational training flight.

"I am holding the plane and its crew until I have had a ruling from Ottawa," Collector Collins declared. "Ottawa has all the facts before it and I can say no more at this time."

The collector made his announcement a few minutes before the plane, reported to be in the service of Hagana, the Israeli army, was scheduled to take off.

Capt. Erwin R. Chandler of Miami, Fla., pilot, had said the plane was going to return to its base at the Westchester County airport at White Plains, N.Y.

He denied that the big aircraft, which had no visible armament, was on its way to Palestine.

One of its nine passengers, all reported as fledgling navigators on a training flight, was first rumored to be Barney Ross, former world lightweight boxing champion and former marine hero.

This report was denied by Chandler and a newspaper reporter said none of them looked like Ross.

GOAL NOT STATED

HARRISON, N.Y. (AP)—A B-17 bomber landed at the Westchester County airport today after later took off with about 10 passengers bound for an undisclosed destination.

The paper said "it is believed the plane is being flown to the Hagana forces in Israel."

The airport spokesman said the plane arrived at the field this morning from a point "in North Carolina."

Canada Helpless On Wheat Treaty

REGINA (CP)—Canada "can do nothing more at this time" regarding the International Wheat Agreement, Agriculture Minister Gardiner said today in an interview.

He was commenting on failure of the United States to ratify the 36-nation agreement by the July 1 deadline and the subsequent announcement by Britain that because of the U.S. action, she would not continue current proceedings on the initial agreements.

Rescued From Elevator Shaft

The eyes of Charles Tannen, 15, express his gratitude as he is pulled from between freight elevator and wall of the shaft and placed on a stretcher in Chicago. Although his legs were pinned for 40 minutes, only his left one had a possible fracture. (NEA Telephoto.)

Democrats Of Berlin Urge Barrier Against Further Red Advance

May Be Nominated

It was all uncertainty at the Democratic National Convention in Philadelphia today as to who would be nominated for Vice-President of the U.S. Among several most prominently mentioned was Representative Sam Rayburn of Texas, former Speaker of the House.

Democratic Parley Opens Quietly As Truman Holds Field

PHILADELPHIA (CP)—The Democratic National Convention opened today to pick a candidate for next November's election and there was no doubt the choice would be President Harry Truman.

Compared with the scene three weeks ago today when the Republican convention opened, this was just another quiet Monday morning in Philadelphia.

Not in the memory of any present observer has the old party gone into convention in such an atmosphere of defeatism and dissension.

The last-minute entry of Senator Claude Pepper of Florida as a candidate of the "Liberal" wing, Sunday night presented a candidate to oppose the nomination of Truman. Dixie "rebels" picked Governor Ben Lahey of Arkansas.

Few took the Pepper entry seriously. But his handful of followers immediately went into action.

William Douglas, U.S. Supreme Court Justice, also delivered an unequivocal "no" to his supporters Sunday and left the field to Truman.

LONDON (AP)—An authoritative source said today Britain has sent considerable numbers of new troops to western Germany because of the tension in blockaded Berlin.

The informant said "many" of the reinforcements will be flown into Berlin itself.

The disclosure came as Gen. Sir Brian Robertson, British Military Governor in Germany, conferred here with the Chief of Staff of the Ministry of Defence, Gen. Sir Percy Hollis, and other service chiefs.

Sir Brian flew here from Berlin Sunday night.

Earlier in the day, Foreign Secretary Bevin had given the cabinet an up-to-the-minute report on the Berlin crisis. Britain, the United States and France sent notes to Moscow last week demanding the Russians end the Berlin land blockade. The Kremlin has not replied.

No informant would say exactly how many troops have gone to western Germany. One source, however, said troop movements to British zone of Germany "have been taking place over the last three or four weeks." He said most of the troops were reinforcements.

The problem of co-ordinating Britain's military plans in western Germany and west Berlin with those of the United States and France is being studied personally by Field Marshal Lord Montgomery, Chief of the Imperial General Staff.

Lord Montgomery, after top-level talks with the French chief of staff in Paris, went on to Vienna Sunday to inspect the disposition of British military forces in Austria.

New Stalingrad For Germany

BERLIN (AP)—Berlin's powerful Social Democrats have acclaimed a call to make the Russian-blockaded city "the Stalingrad of German liberty."

That call was made Sunday night by Ernest Reuter, Social Democratic mayor-elect of Berlin. The Russians have refused to seat him.

Speaking before some 10,000 cheering party members in the United States sector, Reuter declared: "We must establish a frontier to Russian power. If Berlin falls, the liberty of all east of the Elbe falls with it."

Lewis D. Douglas, United States Ambassador to Britain, arrived in Berlin by plane Sunday night and began immediate talks with Gen. Lucius D. Clay, U.S. military governor.

Responsible officials said Douglas probably would map the next Allied move if Russia rejects the notes of the three western powers demanding that the blockade be lifted.

Some observers speculated that a break in the situation was near. Belief here is that the Russians are trying to force the western Allies into four-power discussions of the over-all German question.

CURRENCY ISSUE

One of the Russian-controlled Berlin newspapers said Sunday the western powers would have to show their "good will" by withdrawing the new eastern mark from circulation in Berlin. The city now has two currencies, Russian and western.

British and United States airmen, topped the 1,000-ton food target for the third straight day yesterday, despite bad weather.

Israeli Capture 2 Arab Strongholds; Test To Come

CAIRO (AP)—The twin Arab strongholds of Er Rameh and Lydda surrendered today to the Israeli army, "front line" dispatched said.

The Israeli victory came after a half-hearted, two-day fight that brought the armored striking forces of the Trans-Jordan Arab Legion down in counter-attacks. Artillery battles were developing in the craggy Judean hills within sight of the two captured plains towns.

The capture of Er Rameh opened the way for a two-way Jewish assault on the Arab Legion forces defending Latrun, the last barrier to opening the supply road from Tel Aviv to Jerusalem.

NOT DECISIVE
The chief of operations of the Israeli general staff warned reporters, however, not to regard the victories at Er Rameh and Lydda as anything like a decisive battle in the effort to drive a wedge through Latrun to the Holy City.

This obviously meant the major test with the Arab Legion was yet to be fought, perhaps in a few days.

Never in the 3,000 year-history of Holy Land wars has Latrun Hill fallen to direct assault. But the 4,000 Trans-Jordan

Britain Holds Up Payment To Arabs

LONDON (AP)—A foreign Office spokesman said today Britain has "temporarily held up" a \$500,000 (\$2,000,000) payment to Trans-Jordan for financing King Abdullah's Arab Legion. An authoritative British source said the object was to compel Abdullah to accept the United Nations' call for extension of the Palestine truce.

U.F.A. Asks Ottawa Take Over Railways

CALGARY (CP)—The United Farmers of Alberta have wired Prime Minister King urging that the federal government take over the railways "if necessary" in order to prevent a strike.

Text of the wire, released Sunday night by Miss E. Birch, U.F.A. secretary, said "every possible action" should be taken to avoid a rail strike which would be "disastrous for agriculture."

U.S. Ship Refloated In St. Lawrence

MONTREAL (CP)—The United States light cruiser Portsmouth was refloated at noon today after running her bow into a mudbank near the south shore of the St. Lawrence River 10 miles downstream from Montreal. The cruiser, which had paid a week-end goodwill visit to Montreal, was released by two tugs and continued on her voyage to her Norfolk, Va., base undamaged.

Belgian Premier Seeks To Settle Royal Problem; Talks With King

BRUSSELS (AP)—Important developments in the Belgian "royal question" are expected soon.

Prime Minister Paul Henri Spaak doggedly is pursuing confidential talks with King Leopold, in virtual exile in Switzerland, in an attempt to settle the issue.

Prince Baudouin, heir-apparent to the throne, will take his seat in the Belgian Senate early in September when he becomes 18. Under the Belgian constitution, royal princes are entitled to sit as senators when they are 18. It is also customary at that age

for them to enter the Royal Military School in Brussels to begin their training as future army officers.

To do this, Prince Baudouin would have to leave his father's residence at Pregny, near Geneva, Switzerland.

STRANGE POSITION

King Leopold of the Belgians (constitutionally he is sovereign not of the country, but of the people, and by their will) is in a curious legal position. He is not deposed. He is not in exile; theoretically there is no law to prevent him, as a private person, from coming home to Brussels.

The Regent of the Kingdom is Prince Charles, the late King Albert's second son. The regency was proclaimed while Leopold was a prisoner of the Germans during the Second World War.

Not a voice was raised in protest when Prince Charles was proclaimed regent by Parliament Sept. 20, 1944, nor when he took the constitutional oath next day. But when the Allied forces penetrated into Austria and liberated King Leopold, a deep cleavage was revealed in Belgian opinion on the subject of the king's return.

The immediate difficulty has been by a law saying that, as parliament is the only authority competent to declare a regency, so it remains for parliament to make an end of it.

While there have been accusations against King Leopold that he has shown himself a "reactionary" and a "pro-German," Prime Minister Spaak's statement that the conflict is based on political grounds entirely and that the king's honor is not and never has been tarnished, has done much to clear the air.

The root of the matter is a fundamental difference between King Leopold and his ministers as to the extent of the king's constitutional prerogatives.

When in September, 1939, the king, who is the theoretical head of the country's armed forces, took upon himself the post of commander-in-chief, there was disagreement between him and the cabinet on the conduct of the war.

The differences were emphasized when the Belgian army surrendered in 1940. The king decided his honor required him to remain with the army. The government urged him to flee and continue the war effort from another country.

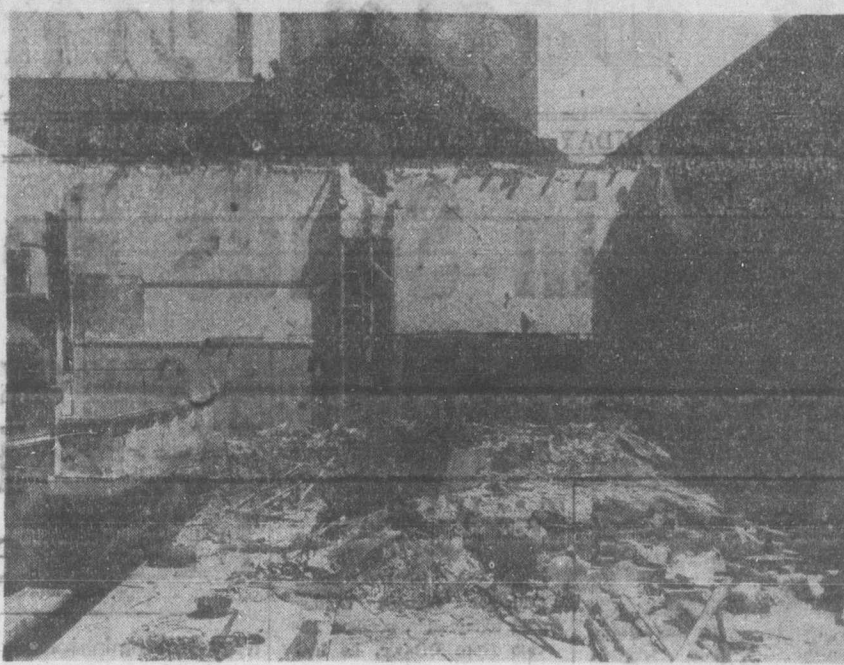

The king's surrender as a prisoner of war did not legally hamper the continuance of government activities. But the fact that the king decided on a course drastically opposed to the counsel of his ministers show how completely they were estranged.

JOHNSON STREET CABINS COMING DOWN—By city ordinance, the row of bachelorette cabins at 710-12 Johnson Street, next to the Government Liquor Store, is being demolished. The former occupants have gone to homes in different parts of the city. The building was condemned some time ago as a health menace and fire hazard. Old-timers in the city say the building is 76 years old, although most of the lumber is still sound. Also to be torn down is the Quarter Cab dispatch office on the adjoining lot at 708 Johnson. When demolition is completed, construction of a two-story building on the three lots will commence. The proposed building will have office space on the top floor and stores below. T. Lambie & Son are contractors for the job.

Discovery Is. Race Won By A. Evans

First Discovery Island racing series of the Royal Victoria Yacht Club began Sunday with Stars, lightnings and Snipes taking part in the event. The first boat to finish was the Star Vela, sailed by A. Evans, with an elapsed time of 1 hour 1:32 minutes.

Aquila, skippered by P. P. Townshend came second followed by the new Star Tatos, owned and sailed by Logan Mayhew.

The best turnout of yachts was made by the Lightning class, the winner being Dick Moore's Hyak. Second Lightning to finish was Hardtack, skippered by R. Fraser. Iona, sailed by A. McKinnon took third place, followed by Ariel (E. Dowell) and Clipper, sailed for the first time by C. Nicholl, her new owner.

Only two Snipes sailed in the event. P.D.Q. raced by Colin Wood, answered to her name and finished first, closely followed by Woe Joe, skippered by A. Nelson.

Girl's Body Found

SEATTLE (AP)—The nude, mutilated body of Donna Woodcock, 22, drive-in carhop, gagged with her black brassiere, was found in a vacant lot Saturday and police said a Seattle University student had confessed the slaying.

Police said a tip from a Marine, who had tried to date the girl, resulted in the arrest of John Russell Gasser, 20, Gasser, police said, made a statement admitting the slaying.

Police said the girl's body had been gashed deeply with a knife or with a broken beer bottle found under her body.

South Africa Buying More B.C. Lumber

South Africa is purchasing more lumber from B.C. than ever before, but it's not for the construction of homes.

This is reported by W. Johnston, managing director of K. & L. Timbers of Johannesburg, visiting Victoria on a world tour to survey forest areas.

Mr. Johnston lived here from 1919 to 1925, when he was employed with the Canadian Puget Sound Lumber Company. He was B.C. timber commissioner in South Africa from 1933 to 1942.

He said there is a great shortage of housing in South Africa; the situation there might even be worse than it is here. The reason is that municipal by-laws prohibit the construction of houses. Houses must be brick. Costs, therefore, are above the high level here.

Nevertheless, lumber is put to many other uses and Mr. Johnston expects shipments from B.C. to South Africa this year will reach record proportions.

South African firms formerly purchased lumber from Oregon, where prices were lower. B.C. prices are on a par now though, and this province is getting the orders.

Canadian timber, by the way, is cheaper than Scandinavian timber, Mr. Johnston said.

His tour will take him to Scandinavian countries as well as England.

Funeral Service Today For Mrs. George Jay

Funeral services were conducted today at Hayward's B.C. Funeral Chapel for Mrs. Emily Louisa Jay, wife of the late well-known Victoria magistrate, George Jay. She died Saturday in Royal Jubilee Hospital.

Born in New Westminster, Mrs. Jay leaves three daughters, Mrs. R. F. Davey, Mrs. Phillis Trotter and Mrs. T. W. L. Mutch, all of Victoria; three grandchildren and four great-grandchildren.

The funeral service was conducted by Rev. O. L. Jull. Cremation followed.

Guy Lombardo Wins

DETROIT (AP)—The dependable old Tempo VI carried band leader Guy Lombardo to a slow but easy victory Saturday in the Henry Ford memorial race.

The aging craft made sweet music along the choppy waters of the Detroit River to win all three heats of the 45-mile race. Her time over the 2½-mile

2,700 Eye Specialists Called On To Defend Selves In U.S. Suits

CHICAGO (AP)—Notices will soon be sent out to some 2,700 eye specialists named defendants in the U.S. government's anti-trust suits against two big optical companies, a government spokesman said today.

The notices will inform the eye specialists, he said, that they must file answers to the government's charges in federal court here within 30 days after receiving the notices, or their inaction will be "considered to bind them to accept the verdict of the court in the cases."

Any doctor who wishes, may defend himself individually in the civil suits, Melville Williams, acting chief of the government's anti-trust division, said.

A hearing on the government's suit against the Bausch & Lomb Optical Company, three subsidiaries, and some 1,200 eye specialists, has been set for Oct. 18.

No hearing date has been set for the suit against the Ameri-

can Optical Company of Southbridge, Mass., and some 1,500 doctors.

Doctors who have done business with both firms may be named in both suits, Williams stated.

The doctors are accused of accepting rebates from the companies for glasses which they prescribed for their customers.

Pravda Accuses U.N. Mediator

LONDON (AP)—Tass Reported Sunday that Pravda had accused Count Folke Bernadotte, United Nations' Palestine mediator, of doing "everything possible to inflame still more enmity between Arabs and Jews."

Bernadotte now is flying to the United States to report to the United Nations on the situation in the Holy Land.

Britain's Sacrifices Fail To Bring Trade Balance With U.S.

LONDON (CP)—Britain's efforts, sacrifices and economies to save and earn dollars have failed to bring her near a trading balance with North America, but her economists remain confident better times are coming.

Government financial authorities say they can not agree with a conclusion reached by the weekly Economist, which said: "To European eyes it seems overwhelmingly probable that the dollar shortage will last for a generation to come."

These authorities claim the United States' European Recovery Plan is a lever which will raise world trade towards normal. By the time it is ended they hope trade between North America and the rest of the world will be nearer balance to the benefit of all.

Authorities listed their hopes thus:

1. A reduction in import prices. If these prices were nearer 1938 levels, her trade deficit would immediately be reduced.

2. Good wheat and other crops in Canada, the United States and the chief producing countries. Experience has been that if wheat is plentiful, reasonable prices for the whole range of foods, and for associated products, are likely to prevail.

3. An extension of Britain's production of export goods

wanted in North America and in the world generally.

4. An over-all lowering of trade barriers as anticipated by the International Trade Organization to make easier the entry of British goods to U.S. and other markets.

Orange Parades At Centres In Canada

By CANADIAN PRESS

This was the "Glorious Twelfth" of the Orangemen and those who marched today—at least in central Canada—carried their banners and band instruments through sweltering mid-summer heat.

Orangemen who marched Saturday—they thought a Saturday march would result in a bigger turnout than a Monday celebration—had it little better.

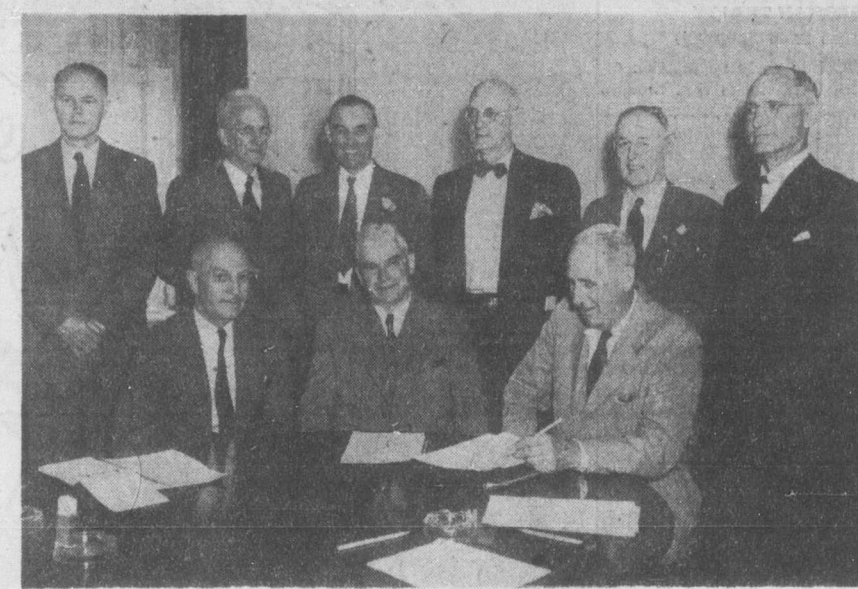

The big doings in Ontario today were in Ottawa, with a gathering of 329 lodges and perhaps 25,000 persons. Montreal Orangemen joined in the Ottawa celebration.

The 1948 celebration by this order marks the 25th anniversary of the July day on which William III, Prince of Orange, defeated the deposed James II when their forces clashed at the Boyne River in Ireland.

In the west, Manitoba Orangemen centred their celebration today at Portage la Prairie, 60 miles west of Winnipeg, while Regina lodge members gathered with the Moose Jaw Orangemen at Benny's Grove in Moose Jaw.

Angelo M. Spisito, taxi driver, was fined \$40 and his license suspended for one month by Magistrate H. C. Hall in city police court today. He had pleaded guilty to a charge of dangerous driving Saturday night on Douglas Street. Constable A. Appleton testified.

Johnson Welcomes Columbia Board

Left to right: Front row, C. G. Paulson, chief hydraulic engineer, U.S. Geological Survey, Washington, D.C.; Premier Byron Johnson of B.C.; and Victor Meek, controller of the Dominion Water and Power Bureau, Ottawa; back row, F. M. Veatch, district engineer, U.S. Geological Survey, Tacoma; F. G. Goodspeed, assistant chief engineer, Department of Public Works, Ottawa; C. E. Webb, district chief engineer, Dominion Water and Power Bureau, Vancouver; G. P. Melrose, provincial deputy lands minister, Victoria; K. W. Morton, district engineer, federal works department, New Westminster; and Col. L. H. Hewitt, district engineer, Seattle district, U.S. Corps of Engineers.

Premier Byron Johnson today welcomed to Victoria members of the International Columbia River Engineering Board for a three-day meeting at the Empress Hotel.

The board is a group of specialists from various parts of Canada and the United States which is considering the feasibility and advantage to the people of the two nations of further development of the international waters of the Columbia River system. The board was set up by the International Joint Commission following a reference of the Canadian and U.S. governments in 1944.

Members of the International Columbia River Engineering Board and committee attending this meeting include:

C. G. Paulson, chief hydraulic engineer, United States Geological Survey, Washington, D.C.; V. Meek, controller, Dominion Water and Power Bureau, Ottawa; F. G. Goodspeed, assistant chief engineer, Department of Public Works, Ottawa; E. W. Weber, United States Corps of Engineers, Washington, D.C.; Col. L. H. Hewitt, district engineer, Seattle district, United States Corps of Engineers; F. M. Veatch, district engineer, United States Geological Survey, Tacoma; C. E. Webb,

district chief engineer, Dominion Water and Power Bureau, Vancouver; K. W. Morton, district engineer, federal Department of Public Works, New Westminster, and G. P. Melrose, deputy minister of lands, Victoria.

Others attending are:

T. M. Patterson, Dominion Water and Power Bureau, Ottawa; G. L. Beard and H. V. Darling, United States Corps of Engineers, Washington, D.C.; R. Bracelinn, Seattle district, United States Corps of Engineers; C. S. Hazen, United States Bureau of Reclamation, Kalispell; C. C. McDonald, United States Geological Survey, Tacoma; R. C. Farrow, Comptroller of Water Rights, Victoria; Dr. D. B. Turner, assistant director, Land Utilization, Research and Survey, Victoria; A. Webster, Department of Public Works of Canada, New Westminster; W. C. Warren and J. D. McLeod, Dominion Water and Power Bureau, Vancouver.

B.C. Buyers Pictured In British Journal

A definite sign of Britain's determined bid to regain her trade position in the world was the appearance at City Hall today of the British Trade Journal and Export World, swollen from its lean, wartime version to plump, 288-page prewar proportions.

City Clerk Frank M. Hupner, who watched the Journal shrink and shrink but never go under during the war, displayed the publication today with great pleasure as he made his point.

The July issue, as well as containing the usual over-all picture of the British trade and industry, carries a pictorial review of the British Industries Fair and includes an article on the B.C. Buyers' Delegation in England, showing a photograph of Trade and Industries Minister L. H. Eyres with Canadian Commercial Secretary Col. R. D. Roe, O.B.E.

Weather

Weather synopsis and official forecast issued 9 a.m. Monday, July 12, by the Dominion public weather office at Vancouver valid until midnight Tuesday, July 13.

Little change will occur today in the cloudy showery weather which has delayed summer for so long throughout B.C. However the general weather set up is showing signs of change and improving weather conditions are looked for in the next couple of days.

Vancouver and Vicinity, Lower Fraser Valley, Georgia Strait—Cloudy in morning, clearing in afternoon. Wind light. Little change in temperature. Low to night and high Tuesday at Vancouver airport, 53-73. Abbotsford airport, 53-75. Nanaimo, 50-73.

Victoria and Vicinity—Today and Tuesday, cloudy in morning, clearing by noon. Wind southwest 20 today, light tonight and Tuesday. Little change in temperature. Low tonight and high Tuesday at Victoria, 50-70.

Overnight Entries For Lansdowne Park

VANCOUVER (CP)—Lansdowne Park entries Tuesday, July 13:

First race—Purse \$500, for three-year-olds, foaled in Canada, six furlongs:
6421 Portersmain (Robertson) —115
6422 Dark Command (Atkey) —120
6423 Lamouche (Stoddard) —110
6424 Marshall P. (J. Bailey) —120
6425 Falsifier (Coppennell) —115
6426 Northfield (Martin) —115
6427 Dance Wind (Gomes) —120
6428 War Pinner (Noffsinger) —110
6429 Chery Marcus (Beasey) —110
6430 Lily Deatler (Godley) —115
6431 Lord Onslaught (Summers) —110
6432 Gordins (Beasey) —110

Also eligible:
6433 Alice Walker (Gomes) —115
6434 Gold Pebble (Johnson) —115
6435 Lily Deatler (Godley) —115
6436 Gordins (Beasey) —110
6437 Lord Onslaught (Summers) —110
6438 Happy Bob (Coppennell) —117
6439 Bird On Wing (Godley) —117
6440 Pat Boy (Beasey) —117
6441 Ignatius (no boy) —109
6442 Gypsy Opa (Bailey) —104

Third race—Claiming \$500, for four-year-olds and up, foaled in Canada, (3 excluded), six furlongs:
6443 Dolly Summers (Robertson) —110
6444 Jazzing Jean (Atkinson) —107
6445 Adore Mot (Atkey) —110
6446 Alice Brulo (Stocum) —111
6447 Regular Joe (Stoddard) —112
6448 Arpeggio (Martin) —115
6449 Kolorada Belle (Novell) —110
6450 Sea Away (Swigart) —115
6451 Van Vic (Summers) —115
6452 Western Bomber (Robertson) —115
6453 Desert Band (Noffsinger) —109
6454 Happy Bob (Coppennell) —117
6455 Frankie D. (Noffsinger) —117
6456 Nancy Girl (Simons) —110
6457 Rock Steady (Wilson) —115
6458 Madeline (Gomes) —110

Fourth race—Claiming \$500, for four-year-olds and up, six furlongs:
6459 Wisty Hill (Coppennell) —115
6460 The Northern (Pulver) —115
6461 Reno Pixy (no boy) —115
6462 Cotton Eye (Bailey) —110
6463 Parapups (Martin) —120
6464 Gold Bay (Atkinson) —110
6465 Hasegreen (Summers) —115
6466 Sili Time (Gomes) —115
6467 Intercess (Stoddard) —115
6468 Noreen (Coppennell) —115
6469 Mio Grand (no boy) —120
6470 Jaquesen (Stocum) —115

Also eligible:
6471 Fire Engine (Atkey) —120
6472 Camp Ground (Novell) —115
6473 Moose (Atkey) —110
6474 Sea Fiddler (Williams) —117
6475 Ebony Lad (Noffsinger) —115
Weather clear. Track fast. First post 3:30 p.m. (P.D.T.)

*Apprentice allowance claimed.

L. Bowen, 324 Island Highway, is in Jubilee Hospital with a fractured arm suffered in a collision of his motorcycle and an automobile at Goldstream on the Island Highway Sunday, provincial police report. His passenger, a girl, was released from hospital after treatment for bruises.

Parents Worry Too Much, Scouts Commissioner Says

"There's nothing wrong with the youth of today," said D. C. Spry, chief executive commissioner for Canada of the Boy Scout Association.

The tall, slim commissioner who left Victoria today to visit up-island Boy Scout camps, voiced the opinion that parents worried too much about their children.

"Personally, I think there should be a little more care on the part of children in the selection of parents," he said smilingly.

He said parents encouraged too much safety-first instead of safety through skill. They worried about their boys' camping and what might happen to them.

I remember when I was a boy my father worried a great deal about the people I associated with and the youth of the day," he recalled. "There was no cause to worry. All my friends have done well and held responsible positions during the war."

SCOUT MOVEMENT GROWING
Mr. Spry said the Boy Scout movement was doing well

Coffee Crop Good In South America

Canada can be assured of a good supply of coffee for the next year.

H. T. Burrowes of Colombia, said his country would produce a bumper coffee crop this year. "And prices are still holding which is all the better," he added.

The South American left with his wife on a wedding trip two months ago. They only expected to spend a few weeks abroad but decided to visit the west coast of Canada before returning home.

LACKS U.S. DOLLARS

Mr. Burrowes said Colombia like Canada suffered from a lack of American dollars and had been obliged to cut down on the importation of luxury goods. Only essentials and basic materials for manufacturing were permitted to enter the country.

"We depend on coffee," he said. "During the past few years, however, several industries have sprung up in Colombia."

Mr. Burrowes native language is Spanish. He studied at the University of Loyola College in Montreal when he learned English.

D. C. SPRY

throughout Canada and particular in British Columbia. He said there had been a 10 per cent increase in membership in B.C.

"This is an all-time high," he said, "and speaks well for the Boy Scout leaders and executive officers."

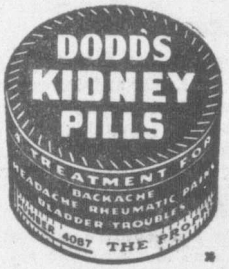

Mr. Spry left Ottawa on a cross-country tour of Canada. He has been visiting Scout camps and conferring with provincial government officials.

Today he left for Duncan and Nanaimo. He is accompanied by his wife and child.

FAIR WARNING

RT. HON. WINSTON CHURCHILL'S warning that the western allies must stand firm in Berlin or risk a third world war, is one that should be given close attention by all who profess an interest in international affairs and particularly by those whose thoughts and actions are instrumental in the shaping of events. The British wartime Prime Minister's words emphasize the view that it is appeasement and withdrawal, not firmness and determination, that will foster a global conflict, and he could cite an impressive array of historical facts to support his argument. "If we were to yield upon this grave issue," said Mr. Churchill, "we would, in my opinion, destroy the best chance which is now open to us of escaping a third world war." Such words, from an experienced statesman, should not be taken lightly. They deal with a crisis of first magnitude.

The notes which Britain, France and the United States dispatched through diplomatic channels to Moscow were couched in unequivocal terms. The blockade of 2,000,000 German residents in the western sectors of Berlin must be lifted. Negotiation of disputed points could then take place—if Russia wished. But the violation of the postwar agreement on occupation, which is the crux of the Russian action, cannot be tolerated.

There is nothing to indicate that a soft voice and a meek retirement would assuage the Soviet urge to expand the Communist ideology throughout Europe. Such tactics did not work at Munich. They would not work at Berlin. As Mr. Churchill has put it, "the safest course for us and other western democracies is to pursue as we are doing a plain, fair and straightforward policy." That leaves the Kremlin only two choices—to compromise or go to war—and Russian leaders surely are not prepared to choose the latter.

ELEMENT OF RISK

WHEN HON. E. T. KENNEY, MINISTER of Lands and Forests, told the Legislature the other day that one sure method existed of preventing flood losses and that was to keep people from settling on the low lands adjacent to river banks, he did not, of course, expect his suggestion to become the basis of policy. The low lands have some of the choicest soil and will continue to attract farmers.

What the minister's remark did, however, was re-emphasize the fact that the terrain he described has definite inherent drawbacks. In days of earlier settlement, the hazards were appreciated. More recently, on the other hand, the non-arrival of floods of substantial proportions has caused settlers to forget the risks. When and if the hazards can be eliminated, so much the better. But the calamity of 1948 will have re-established a point which appears to have been forgotten. Under certain conditions dangers of flood do exist and the risk element must be evaluated in any assessment of productive values on these rich farm lands.

HAND THAT ROCKS THE CRADLE

BRITISH EUGENICS EXPERTS ARE expressing anxiety regarding the trend of population in the United Kingdom. A study of birth and death figures since 1938, conducted by an organization known as Political and Economic Planning, indicates that a decline in parenthood and the emigration of many residents in the middle age groups will shortly result in a people composed only of the very old and the very young. It is suggested that this will transpire within 20 years—a gloomy outlook.

The solution of what would appear to be a very serious problem, according to the experts, should lie in encouragement of Britons to have larger families, and this raises the prospect of considerable changes in the economic situation. Present conditions greatly favor those married couples who have small families or none at all. The man and woman who wish to rear as many as three or four children will do so at the sacrifice of many material comforts, and the result has been, in the words of the organization's report, that the average man "prefers a baby car in the garage to a baby boy in the pram." A governmental "population policy" embodying tax relief, more and better housing, increased family allowances and other considerations is suggested as one means of meeting the situation.

The question of a declining birth rate in Britain assumes a more acute quality when the trends in other countries are taken into account. Political and Economic Planning predicts the United Kingdom's total will drop by nearly 2,000,000 from the present 45,000,000 by 1970. And during that period western, central and northern Europe is expected to decline by 9,000,000. In southern and eastern Europe, on the other hand, the population will rise by an estimated 27,000,000, while Russia will add 77,000,000 to her present figure of nearly 200,000,000. Such changes would have a marked effect on the political and economic future of Europe, and they pose a new factor in any consideration of the current world struggle.

HOLDING HIGH THE TORCH

BECAUSE CANADIANS HAVE BEEN made so fully aware of the drift of scientific brains from this Dominion to more lucrative fields in the United States, the statement of Dr. C. J. Mackenzie, president of the National Research Council and head of the Atomic Energy Control Board, regarding this country's position in the world of science is particularly interesting. History, in Dr. Mackenzie's opinion, will judge Canada's "revolutionary" rise from scientific adolescence to maturity as one of the major factors—and possibly the major factor—of her wartime development.

While it is extremely difficult for the layman to maintain even remote contact with the advancements in various technical fields, Canadians have been kept reasonably well posted on the achievements of their leaders in research. Canada's contribution to the study of nuclear fission, for instance, has never been discounted. Following the spectacular scientific triumphs of the late Sir Frederick Banting, moreover, the eye of the public has been opened to the calibre of Canadians in scientific fields, even if the average citizen of this Dominion was not able to understand fully the nature of their accomplishments.

Such a background gives added emphasis to the words of Dr. Mackenzie that the nation is now "in the front line of the scientific world for the first time in any sizeable way." Apart from the avidity with which our people have pursued knowledge in specialized fields, Canada has benefited indirectly from the disruptions of global war. Here are furnished more abundant opportunities for study and research, and a greater freedom of the mind, than are available in most countries. The environment is one which should attract the scientist and, according to applications to the National Research Council for opportunities to do research work, is drawing an increasing number of leading figures in various scientific fields. In one instance quoted by Dr. Mackenzie, a world leader in band spectroscopy is leaving employment in the United States to return to Canada, which gave him sanctuary from the Hitler terror after he fled from Germany.

The picture is encouraging. Pure science has apparently set its roots firmly in Canadian soil and from it will develop those applications of scientific discovery which help to enrich life for all the people of the world.

LOCALIZING FOREIGN NEWS

IN VIEW OF THE STUPEFACTION WITH which a large section of humanity on this continent learned on Dec. 7, 1941, that Japanese bombs were falling on Pearl Harbor, it is not unnatural that the San Francisco Chronicle's editorial on "foreign" news should be receiving wide attention. The newspaper makes the point that very little "foreign" news can be divorced from the activities or thinking of citizens of the United States. Apart from the constant "shrinkage" of the world through increasingly fast modes of travel, the position of our neighbors makes any important development no matter how far afield a matter of concern to them.

What happens in Berlin, for instance, is not without relation to the induction of several thousand young Americans in the military training program. What transpires in the Middle East is not without importance to the United States oil supplies.

For such reasons the Chronicle does not believe "foreign" news can be overemphasized. In consequence it and other alert newspapers seek to give their readers a maximum of world coverage. Cause and effect in the world today bring the apparently remote very close to home. Foreign news, interpreted in the light of local reaction, becomes local news. The age of the ostrich is over. Burying one's head in the sand can only result in the stultification of the one who seeks to adopt that policy.

TOO MUCH MONEY

THE WEEK-END CRASH OF CHINESE currency, which saw the dollar of that country devalue on the black market from 4,000,000 to the American dollar to 6,000,000, recalls the similar astronomical finance that accompanied the inflation of the Russian ruble and the German mark following the First Great War. Reports from Shanghai say that residents are having difficulty in finding pocket space for their small change, and that even the street beggars, of whom there are said to be thousands, begin their wheedling with a request for a million dollars.

China is experiencing what happens in any country where currency is printed and issued at a faster rate than goods. She is providing the final answer to those economic "experts" who wonder why the government printing presses do not run off enough dollar bills to make everybody rich. China has turned out enough to make everybody poor.

MIGHT SALVAGE THE OSCAR

ACCORDING TO DISCUSSION IN CALI- fornia's film capital, Sir Laurence Olivier's "Hamlet" may become the first non-Hollywood film to win the industry's famed "Oscar" as the best picture of the year. If the reports that have gone out on the great Shakespearean play are accurate, the award might be thoroughly justified. It would be a gracious gesture on the part of the moving picture industry to so honor a non-American product. And, conversely, it might help to re-establish the importance of "Oscar" winners, which appear to have suffered in recent years through low grading on international lists purporting to represent the best output of the industry.

Walter Lippmann

CASE FOR A GERMAN TREATY
(Continued from Saturday)

ONE OBJECTION to early negotiation of a treaty with Germany is that though the Red Army were withdrawn, there would remain behind the German Communists, the Soviet agents, and an underground German army trained and indoctrinated in the Russian prisoner of war camps. There is, I am told on the best American authority, no evidence that such a German army now exists. But it would be prudent to assume that it could exist.

If it does exist, or if it did, its mere existence would be a downright breach of any peace treaty which was made with Germany. The treaty should, therefore, authorize the neighbors of Germany, and commit Britain and America explicitly, to take swift measures of reprisal. Since Germany will have no air force, since the Ruhr is highly vulnerable, and since Germany has no navy and can easily be blockaded and her imports embargoed, the means for reprisal exist.

WITHOUT THE RED ARMY and without a German army, a Communist seizure of power in Germany would not be easy. It might be attempted. But if we are lucid and firm, we can obtain powerful internal guarantees against a Communist or a National Socialist seizure of Germany. The Russians are proposing the swift conclusion of a German peace treaty. Since no German government exists, since none can be agreed to and established swiftly, the obvious thing to do is to sign the peace treaty with the German Laender, restoring German sovereignty to them, and authorizing them to form a government for the whole of Germany after the treaty is ratified and the armies withdrawn. The separatism and the vested interests of the German states should provide strong centres of resistance to any totalitarian coup in the whole of Germany.

THE AFFIRMATIVE CASE for a peace treaty and withdrawal in the near future, that is to say within the next year, is very strong indeed.

Such a treaty would mean that, except for the aid supplied under the European Recovery Program, and subject to the military guarantees of a treaty, the Germans would become responsible for their own reconstruction before their constitutional structure was rebuilt and before their economy was restored.

This is, I submit, desirable. For no constitution and no government can be durable. The Germans would be almost certain to overthrow it when the occupation ended as a symbol of their independence.

MOREOVER, A GERMAN government operating under military occupation will always blame the military occupation for its failures. It will never accept responsibility or learn from it. Yet the condition of Germany will be bad for years to come. This will generate grievances which will find their outlet not in the solution of Germany's problems but in intrigue and adventure abroad. With the Russians still in eastern Germany, the temptation to make a peace with them at the expense of Poland and against the West will be overwhelming. With the Russians withdrawn, the Germans will have to deal with their neighbors, particularly the Poles, who cannot countenance another Molotov-Ribbentrop pact.

THERE IS AN EQUALLY compelling reason for making a peace treaty before the German economy is restored. For if the west restores the Ruhr while the Russians are still on the Elbe, the west will make it immensely worthwhile for the Russians to take over the assets of the Ruhr, and will leave them in a position to do it.

Western Germany is now a liability. It depends on the American subsidy. That is one of the reasons why the Russians are not likely to risk a war to conquer western Germany. They would acquire an expensive liability. But with western Germany fattened up by General Draper, recreated as the workshop of Europe, it would be a prize justifying great risks.

IT IS, THEREFORE, IMPRUDENT to restore Germany before the Russians have withdrawn. For how could it be defended? Only by a rearguard action which destroyed all that had been rebuilt. What is the sense of that? The time to rebuild Germany is when it is separated from the Russians and surrounded by European nations which are themselves no longer under the direct pressure of the Red Army. Then not merely a Western Union, which is an economic impossibility, but a European Union may be feasible.

All in all it seems to me clear that the case is very strong for examining seriously and sincerely the new Russian proposition. The United States cannot afford to refuse to consider a proposition which, if it could be negotiated successfully, would serve so well her real interests in Germany and in Europe.

FOR IF A SETTLEMENT can be reached, the peak of the world crisis will have been surmounted. And if it cannot be reached because the Russians are playing a devious game, negotiations will expose the plot and strengthen greatly the western democracies' positions for whatever is to come.

Copyright, 1948, New York Herald Tribune, Inc.

We are not earning our own living or paying our way, nor does the government hold out any prospect of our doing so in the immediate future.—Winston Churchill.

A Little Souvenir Of A Recent Trip

Nationalism Among Puppets

By JAMES THRASHER from New York

THE recent crisis in Yugoslav politics suggests that Marshal Tito made two mistakes. He apparently forgot that while the Soviet dictatorship is fanatically nationalistic, the puppets are not allowed to follow suit. The satellites move in their prescribed orbits, and any attempt to change them invites trouble.

Tito also seems to have forgotten that an attitude of "Let them eat Communism" is no more realistic or successful than Marie Antoinette's "Let them eat cake."

The Yugoslav dictator was trained in a ruthless school, and once he attained power he put his training to use in trying to cram Communism down his country's throat. But the Yugoslav peasants didn't lie down and play dead. They had enjoyed a little more freedom than their Russian neighbors were used to before the revolution.

FARMER OPPOSITION

So when Tito failed to deliver goods as well as promises, the small farmers retaliated by hoarding food. This led to hard times and a loss in popularity.

For a system that never was too popular in the first place.

Then Tito apparently decided on such drastic measures as a show of independence, an appeal to national pride, and a slight modification of hostility toward the west. This didn't square with Soviet policy and "pure Communist creed." So Tito got his ears pinned back.

A SPLIT?

Probably one should go a little slowly in thinking that this heralds a split in the Soviet bloc. The scene of the present crisis is outside the Soviet borders, but it is still within the Communist Party. There is nothing new about disagreement and rebellion within the party, or about purges to whip the boys back into line.

The result of the present situation will probably be the same. Whether Tito or someone else is chosen to sit in Belgrade and take orders from Moscow, he will toe the line or find himself in a serious jam. And he will be hostile to the west just as long as Moscow is hostile.

At the same time, the root of the trouble in Yugoslavia may

mean that Stalin will run into an increasing amount of difficulty if he continues his imperialistic course. For nationalism, which can be a curse under certain conditions, can also be a force for good.

The Soviet government will not have to look farther back in history than Hitler's Third Reich for the tribulations of a dictator who tries to subjugate a people who can't and won't be assimilated.

The Yugoslavs probably would not fight the Russians with guns, as they did the Nazis. But their crafty disobedience might serve as an example for anti-Communists in other countries of the Soviet bloc. Any widespread lack of co-operation seems a remote possibility now, for the Soviet police system is thorough and cruel, and the risks of disobedience are great.

But the underlying reasons for Tito's rebellion with some other recent setbacks for Soviet world ambitions, offer at least a faint hope that the men in the Kremlin will some day find their hands so full that they will not be able to reach out and grab for more.

Governmental Checks And Balances

By PETER EDSON from Washington

WITH the record of the 80th Congress now completed, the veto messages of President Harry S. Truman become worthy of attention. Since assuming the Presidency in April, 1945, Truman has vetoed more than 125 bills. Over 100 were "private" bills, meaning that they were intended to give relief to private citizens claiming injury by the federal government.

POLICY QUESTIONED
A score or more of these vetoes have dealt with major policy questions. They range all the way from the June, 1946, veto of the postwar O.P.A. Extension Act, which gave Truman his first big battle with Congress, on through the recent veto of the Reed-Bulwinkle bill to exempt the railroads from anti-trust regulation on rate-making agreements approved by the Interstate Commerce Commission.

VETOS OVERRIDDEN
On a number of important bills, Truman vetoes have been overridden—repassed by two-thirds majorities of Senate and House—and so made law in spite of Presidential disapproval. Truman's worst veto upset was on the Taft-Hartley labor law of 1947. Democrats joined with Republicans to reverse the President on this measure.

RIGHT OF HUMANITY
Toronto Globe and Mail
It is to our eternal shame that the surviving veterans of the ill-fated Hong Kong expedition should have to come before a committee of the House of Commons to ask for their back pay. There are only 1,415 of these men, who emerged, with their lives from battle and years of hardship and torture in an enemy prison camp. Three out of four of them are on pension for disabilities.

They are asking that they be given the higher rate of pay which was promised Pacific war veterans after the collapse of Germany. These volunteers did not get further than training camps in the United States, whereas the Hong Kong men went into battle in December, 1941. It was not their fault that they spent the rest of the war in a prison camp.

DIFFICULT TASK
Toronto Saturday Night
A pair of work trousers costs a native African miner five weeks' wages, and it must be very difficult to persuade him that he would be worse off under Communism.

Many Australians, of course, are the descendants of deserters of other years. In the days of the gold boom in Australia, crews deserted ships in such numbers that some ships were held up indefinitely for lack of sailors to take them back to Britain.

Global Survey

By DEWITT MACKENZIE
Associated Press News Analyst

STATE SECRETARY MAR- SHALL of the United States says the official determination of who is to blame for the resumption of hostilities in the Holy Land will have to be made by the Security Council of the United Nations, although he points out that news dispatches report the Arabs took the initiative.

Who are we to decline to follow such a sage decision? However, one does venture the suggestion that the council consult its oculist to see whether it has a beam in its own eye before trying to pull the mote out of the other fellow's eye.

The peace organization was created to deal with just such ruptures of the peace. Thus far about the only thing it has sent echoing down the halls of time is the Russian "no." However, it is untrue that opportunity never knocks twice on the same door, and the United Nations now has a chance to justify the hopes of peace-minded folk by taking quick and firm action in the Palestine imbroglio.

WORLD PROBLEM

Now your correspondent does not overlook the ramifications of the Arab-Jewish quarrel, or the difficulties of dealing with them. It truly is a world problem.

The alternative to United Nations' action is to take off the wraps and let the Arabs and the Jews fight it out to a finish. The idea of settling the argument with the sword might have been worth consideration a few generations ago, but it shouldn't be countenanced now. The Security Council should act immediately and firmly.

Marshall declares flatly that American policy aims at stopping the fighting entirely and in trying to have the Jewish and Arab belligerents reach an agreement. Britain has been urging the Arabs to reconsider their refusal to extend the truce. However, she is encountering in the various Arab countries a sort of fatalistic attitude.

EFFECTIVE CONTROL

London (Ont.) Free Press
It is fundamental in economics that no artificial control can ever be as effective as the simple old-fashioned control exercised by consumer resistance. This is the natural law where supply and demand, and price are all fitted into the overall movement of goods to consumer.

LASTING QUALITIES

Exchange
Canada is a "hard" country. It does not yield its riches without effort. Yet it is the record of history that the "hard" countries set the pace in achievement and in the civilization they create. On this evidence Canada will be a virile land when softer and seemingly richer ones are falling into stagnation and decay.

NATION-BACKED CAPITAL

Ottawa Citizen
The establishment of a National Capital fund, as announced by the Prime Minister, Mr. Mackenzie King, is of significance for the whole of Canada. Representing the first definite commitment on the part of the nation to the national capital city plan it means that that plan is not to remain just a glorious dream but is to be translated into reality.

EXPORTING BRAINS

Montreal Gazette
Among Canada's chief exports to the United States the continue to be young professional workers and young business executives. The government has devised careful plans intended to conserve our supply of U.S. dollars. Surely at least as much should be done to conserve our supply of our best trained, most ambitious and most promising citizens.

The truer answer to the problem will come when three out of four of the middle income class—the class we are losing—start paying less taxation than they would below the border.

THE BEST EVER

Montreal Star
Horace Walpole once said that the way to ensure summer in England was to have it framed and glazed, in a comfortable room. The same thought, or one like it, must have occurred many times to most Canadians, however patriotic.

We have no patience with those who croak to us of how much finer the summers used to be. They weren't. On the contrary, they get better all the time. Did anyone ever see one like this?

Better spend the golden weather when we have it. The "long, blue, solemn hours, serenely flowing" could be neither re-captured nor kept. And if we had more of them they might not be so precious.

(Answer to previous puzzle)

Due To Wartime Developments, Canada Grows Up Scientifically

OTTAWA (CP)—History will
judge Canada's "revolutionary"
rise from scientific adolescence to
maturity as one of the major fac-
tors—and possibly the major fac-
tor—of her wartime development,
the government's top scientific
figure prophesied here.

Dr. C. J. Mackenzie, president
of the National Research Council
and head of the Atomic Energy
Control Board, said the Dominion
now "is in the front line of the
scientific world for the first time
in any sizeable way."

This, he said in an interview,
is little heralded by publicity and
little known by the general pub-
lic, but it extends well beyond
the renowned field of atomic
energy into the whole realm of
chemistry and physics, biology
and engineering.

Under the impact of war, the
picture changed; study has be-
come a two-way street.

The N.R.C., the Defence Re-
search Board and the universi-
ties possessed men with world
reputations, the surest magnet for
ambitious minds. (It may be in-
serted here that Dr. O. M. Sol-
andt, Canada's top military sci-
entist, is so good that several other
countries have tried to hire him
away.)

Canadians, particularly in the
virgin realm of atomic energy,
were plunging ahead. They had
at Chalk River, for instance, a
heavy water radioactive pile
whose density of neutrons or nu-
clear bullets allowed them to
make tests that could not be du-
plicated anywhere.

Dr. Mackenzie said there now
were more than two dozen men
of foreign nationalities doing ad-
vanced research and study in
Canada and there were other ap-
plications to the N.R.C. four or
five times greater than it could
handle.

He disclosed one of the world's
top half dozen men in the field of
band spectroscopy, a branch of
physics, was leaving the Universi-
ty of Chicago to work for the coun-
cil.

He is Dr. Gerhardt Herzberg,
a German who fled to Canada
from Hitler terror, worked for a
time at the University of Sas-
katchewan and later joined the

southward trek. Now he is com-
ing back.

Help Kidneys In 30 Minutes

If you suffer from Backache, Getting Up
Nights, Loss of Energy, Bladder Weakness,
Burning or Itching Passages, Leg Aches, or
Rheumatic Pains, due to Kidney and Blad-
der troubles, you should try Cystex. Within
30 minutes Cystex usually starts helping the
Kidneys clean out excess acids and irritating
wastes which may be the real cause of your
trouble. And this may quickly help you gain
pop and energy—make you feel younger. Use
less Cystex quickly brings you satisfactory
help from the pains and distress of Kidney
and Bladder troubles, simply return the
empty package and you get your money
back. You have everything to gain and nothing
to lose, so don't suffer another day with-
out asking your druggist for Cystex.

Ucluelet Trustees Accept School Site

UCLUELET—School trustees
have accepted donation of a site
for the proposed new Ucluelet
School by the Ucluelet Athletic
Club.

The donation was considered
at a special meeting with rate-
payers present. The site com-
prises 3 1/2 acres with option of
purchasing additional acreage

adjoining, from W. G. Fraser.
Borrowing of \$1,000 to cover ex-
penses of investigating ways and
means and preliminary plans for
the new school were authorized.
It was suggested a suitable
school could be built for \$40,000,
of which the Department of Edu-
cation would be expected to de-
fray 50 per cent.
The meeting expressed belief
that sale of the present school
site would go far toward paying
the \$20,000 share.

Regina Sports Editor Loses Life In Boat Accident

REGINA (CP)—A quirk of fate by which a boat capsized only 50 feet from shore has ended the career of one of the prairies' best-known, most aggressive sports writers—chunky, two-fisted Dave Dryburgh.

Dryburgh, about 40 years old and sports editor of the Regina Leader-Post for the last 18 years, was drowned at B-Say-Tah, Sask., Sunday when a boat he was in capsized as he snatched at his wife's purse in an attempt to prevent it falling into the water. B-Say-Tah is a summer resort 60 miles north-east of Regina.

One of the three other persons aboard who managed to make shore was Cliff Ehrie, hotel operator and co-owner of the Regina Senior Hockey Club. With Mr. Ehrie was his daughter Dolores.

Mrs. Dryburgh also managed to reach safety. She and her husband had been spending the day at the resort.

Dryburgh, red-headed and born in Scotland, came here as a youngster. He was noted as a soccer player. He played and covered the game for the old Regina Leader when it had no soccer reporter.

VARIED WORK

He became apprenticed to a cabinet maker. Later he joined the Leader's sports staff, and though he filled other positions—he was city editor for some months—sport was always his first love.

His column, latterly carried under the heading "Dave Dryburgh," was widely read.

He founded a registration system adopted by the Saskatchewan Amateur Hockey Association which gives the history of every boy who has played organized hockey in the last 15 years.

He held decided views on what he considered "shamateurism." Besides his wife, Dryburgh is survived by his father and several brothers.

An inquest into the accident was opened and adjourned indefinitely. An acquaintance said he was a non-swimmer.

Commission To Study Kootenay River Dam

The International Joint Commission at a meeting at Bonner's Ferry, Idaho, July 27, will investigate the construction of a high dam at Libby, Montana, as a measure to control the Kootenay River.

The Libby high dam is one of the major projects for mutual development of the water resources of the boundary country. The dam would back up the Kootenay River waters 80 miles to a point in the vicinity of Wardner, B.C.

The dam would make possible the production of power and water for irrigation and would control the river. Advocates of the scheme contend that the water in the Kootenay River at Creston could be held within the height of the dikes. This, they contend, would prevent recurrence of the disastrous floods such as took place this year at Creston and would make possible the irrigation of a further 10,000 acres in Canada.

Steel Price Boost Expected In U.S.

CLEVELAND (AP)—Even "the man in the street" will feel the effects of the U.S. Steel Corporation's move to abandon the basing point price system, the magazine Steel said at the week-end.

The move by the largest steel producer in the United States was expected to set the pattern for the industry, "although in a few instances mills already have substituted" an F.O.B. mill basis, it continued.

Other industries which have basing point price systems may find it necessary to follow steel's example, the magazine reported.

"Although U.S. Steel did not indicate what prices would be under the new method, there has been considerable conjecture it will be accompanied with price advances to cover higher operating costs, including an anticipated wage increase to steelworkers," Steel said.

"Elsewhere on the price front, a 5 per cent increase in the price of alloy steel was effected by one producer, pig iron was raised \$4 a gross ton by one company, and oven foundry coke was advanced 90 cents a ton by other interests."

The national steel ingot production rate last week dropped six points to 89 per cent of rated capacity, because of the July 4 holiday and an explosion at a Chicago mill.

Game Warden Nurses Orphan Bambies

Happy family scene at Saanich game farm Friday brought together a man, a dog and two young deer. While dog "Tucky" placidly looks on, Game Warden Joseph Jones milk-feeds two of five fawns made orphans by well-meaning persons who picked them up on the mistaken assumption they were lost or abandoned by mothers. Dog and orphans get along famously, nuzzling each other in friendly manner.

By ROY THORSEN

Game Warden Joseph Jones has five examples at the East Saanich Provincial Game Farm to show citizens' lack of knowledge of the habits and ways of wild animal life.

The examples are baby deer—three female and two male—which have been made orphans by persons who "rescued" them.

The cute and spotted tiny milks had been seen by persons in cars traveling the lower island highways, their mothers nowhere in sight. Considering the fawns abandoned, the well-meaning people took them into their cars.

This was the start of a lot of trouble for the "bambies."

In every case the people concerned got in touch with the Elliott Street game office and were ordered to turn their "finds" over to the department. It is against the law for persons to keep them as their own, for deer are crown property.

They wind up at Mr. Jones' game farm and are his responsibility from there on. The game warden has to raise them on milk until they reach the point where they can live off the land. He nurses them along in a well-bush 100-square-foot corral.

When Mr. Jones considers the orphans are sufficiently old enough to fend for themselves he will release them in protected areas, country where no shooting is allowed.

The fawns, in their new-found freedom, will have to fend for themselves against natural enemies, but their chances of survival are less because of having been separated from their parents who would teach them the way of the woods.

Chantecler

CIGARETTE PAPERS

COLD MEATS

Better with

"Don't pick them up," is the advice of Mr. Jones to people who see fawns apparently abandoned. He is strongly supported by his department and sportsmen. On the surface the fawns may seem to be abandoned, but in reality they are not. Mothers are near at hand, but are wary and do not show themselves when humans are about.

Once the human hand touches their young, wild-life authorities claim, the parents will have nothing more to do with them. That is why Mr. Jones cannot take the fawns back to the localities in the hope they may be found by their mothers. At such a tender age they cannot be left on their own and consequently Mr. Jones takes on the role of "nursemaid."

Teacher Nuns To Don Civilian Dress In Dakota

BISMARCK, N.D. (AP)—Clothed in civilian dress, Roman Catholic nuns may teach in North Dakota public schools next fall despite recent passage of a measure intended to stop them.

Two ranking members of the church in North Dakota advised the nuns that the church has no objection to their donning "respectable secular dress" to comply with the state's new law.

The so-called "Anti-Garb" Act, sponsored by a group of Protestants, including clergymen, prohibits any public school teacher from wearing garb denoting membership in a religious order. The act does not mention Roman Catholic nuns by name, but admittedly is aimed chiefly at them.

The act was approved at the June 29 primary election by a majority of some 10,000 votes.

Bishop Vincent J. Ryan of Bismarck and Auxiliary Bishop Leo Dworschak of Fargo, announced their proposal at regular services Sunday in the cathedrals in the two cities.

NO DISCRIMINATION

A joint statement by the church officials said, in part:

"Some of its sponsors solicited support for this (anti-garb) measure upon the claim that it would keep Catholic sisters from teaching. We are informed by competent legal authority that no law can, under the protection of or constitution, discriminate against any teacher on account of religious membership or belief.

"The withdrawal of the sisters would close some public schools in North Dakota."

"Consequently we announce that in such school districts where the people and the school boards find it necessary and desirable to retain the services of the sisters, the sisters will continue to teach, attired in a manner which is in strict compliance with the law."

About 75 Roman Catholic sisters teach in the state's public schools, predominantly in Catholic communities.

Roofing Company To Pay Wage Increase

A new wage contract granting 10 per cent increase in wages with a minimum increase of 10 cents was signed today by union representatives of the International Brotherhood of Paper Makers and management officials of Sidney Roofing & Paper Company Limited, Victoria. This increase affects approximately 275 hourly paid employees, and establishes a base rate for general labor of 96 cents an hour. Rates for skilled workers will reach \$1.41 an hour.

The new contract to run from July 1, 1948, to June 30, 1949, also provides for nine statutory holidays, three with pay in addition to the regular paid vacations already in effect.

The new agreement marks the 11th year of amicable and constructive relations between Sidney Roofing and the International Brotherhood of Paper Makers, Local 367 (A.F.L.). Vice-President A. E. Brown of Portland assisted the local union in the negotiations.

All employees enjoy a liberal sick leave plan financed by the company in addition to hospital insurance, medical services, group on a mutual contributory basis. All of these welfare plans are continued under the new agreement.

Discussions during negotiations included the drafting of a vigorous safety program to get under way with the support of the local union within the next few weeks.

A. J. Warwick of Birmingham, Eng., sales manager of the Birmingham Small Arms Co. Ltd., has completed a survey of B.C. with a view to establishing a branch plant of his company here. Arrangements for the visit of Mr. Warwick to B.C. were made by Trade and Industry Minister L. H. Eyres during his visit to the U.K. with the B.C. Buyers' delegation.

WELL, IT'S A PLACE TO LIVE—Wayne Pritchard certainly has a nice view, even though he may not have too much privacy. Wayne advertised for a place to live, and got a reply from a Sioux Falls, S.D., department store. They offered him a furnished apartment—in their show window. The lucky fellow has running water and a telephone, too. His early morning rising seems to amuse a passer-by.

Pirates Increase Off China Coast

CANTON, China (AP)—Pirates, smugglers, hi-jackers and black marketers are flourishing in waters all the way from southern China to Korea and Japan.

The sea-going Oriental criminal is an anachronism—a combination of Captain Kidd and the rum-runners and hi-jackers of prohibition days. But his tastes are more varied. He'll pirate anything from a boatload of rice to gold bullion. He'll smuggle anything from opium to people, as long as it brings a price.

Until recently, piracy was generally confined to the coast of China, but the trade now is extending to the island-studded coast of Korea, which has ideal daylight hiding-places for the thousands of boats sneaking up from as far south as Hongkong and Formosa to Manchuria, Korea and the Japanese islands.

The smuggling trade in the area where the Korean peninsula divides the Japanese and Yellow seas has become so profitable it has attracted armed hi-jackers.

The Chinese pirate usually uses a junk armed with machine guns and perhaps light cannon. He lies in wait along a network of rivers which carry cargo and

passengers to Canton; or he lurks in the bays and inlets on both sides of Hongkong to the southeast.

We've found the recipe for
*Happier
Living*

GENERAL ELECTRIC APPLIANCES

One of the first discoveries you will make when you own up-to-the-minute G-E appliances is that immediately you have more time for leisure—the real recipe for happier living.

Not only do these appliances save time, but they take much of the work, and all of the worry out of the housewifely chores of meal-getting, washing, ironing and cleaning.

What wonderful gifts they make, too. Could any gift you choose be more thoughtful, more certain of earning life-long appreciation, than one of these distinctively-styled appliances?

When next you are faced with the problem of choosing a gift—for a kitchen shower, a wedding or an anniversary—the best plan is to see your General Electric dealer first. He has been chosen because he is experienced, well qualified to advise you on electrical equipment. He will gladly demonstrate the money-saving advantages of G-E appliances. Ask him today to show you how each has built-in dependability and why it goes on doing its job year-in-year-out.

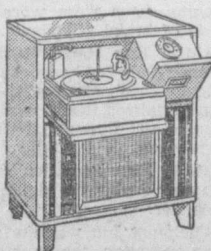

Toast is done to a turn—with a General Electric Toaster. From \$9.95 to \$16.95.

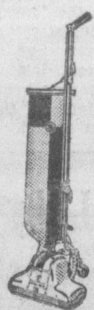

To time your kitchen duties—a G-E Clock. Never needs winding, regulating or oiling. From \$6.95 to \$9.50—Tax Extra.

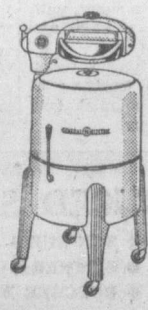

"Wake-up-to-Music" with a G-E Clock Radio. From \$47.50 to \$64.50—other Table Radios from \$32.50 to \$179.

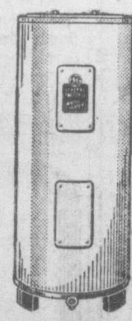

General Electric Radio-Phonograph with the famous Electronic Reproducer. From \$289 to \$1350.

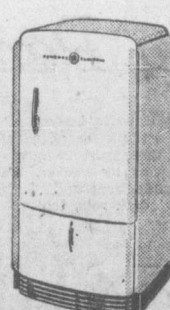

A G-E Vacuum Cleaner gives your rugs the "new look". \$89.50, Cylinder Type \$99.75.

'Eaglecrest' Assumes Role As Holiday Estate

"Eaglecrest," the magnificent million-dollar, 225-acre waterfront estate near Qualicum of the late Senator and Mrs. A.D. McRae, opened the beginning of July to receive its first guests as a holiday estate. In its new status as a year-round holiday spot, it is attracting the interest not only of British Columbians but summer visitors from east and south. Guest accommodation is limited to 22 and opening-week visitors included Mrs. C. B. K. van Norman of Vancouver, pictured above, left, in a rustic lookout above the silver sand beach, with Mr. Mark Mathewson, Seattle; Mrs. Dallas Irvine of "Eaglecrest" and Mr. and Mrs. Fred Collins, Seattle. Mr. Collins is vice-president of the Boeing aircraft plant in the Puget Sound city.—Photo by Bill Halkett.

Club Calendar

Regular meeting, Victoria Handweavers' Guild, Tuesday at 7.30 at Prince Robert House, instead of July 26, as previously planned.

Women's Guild, St. David's By-The-Sea, garden tea, at home of Mrs. Dyer, Cordova Bay Road, Tuesday at 3. Speaker, Mrs. L. Lester, on experiences while interned at Manila. Home cooking stall. Proceeds to church building fund.

Period Gowns Create Setting For Wedding At First United

Golden glow of tall, white candles reflected on shining satin period gowns of bridal attendants, creating an old-world atmosphere at First United Church, for petite Doris Elsie Cawsey in her full-skirted satin gown, when she became the bride of Albert Raymond Moody, Saturday evening.

Tall baskets of blue delphiniums and pink snapdragons formed the setting for the double-ring ceremony solemnized by Rev. Hugh A. McLeod. Eric Hulott presided at the organ and Miss Louise Leask sang "Ave Maria."

Martin Grimshaw escorted his piece down the church aisle. Tiny stiff net petals set with orange blossoms, held the fingertip veil, enhancing the period gown, made with Mary Queen of Scots lace collar, fitted waist, and tiny lace ruffles held by satin rosettes at the bottom of the full skirt and edging the long-pointed sleeves.

A pendant with matching earrings, gift of the groom, was her only jewelry, and she carried red roses and white sweet peas in a shower bouquet.

Period gowns of champagne and aqua satin respectively were worn by senior attendants, Miss Edna Casey, sister of the bride, and Miss Dorothy Marr. Both wore matching mitts and coronets, and carried Colonial bouquets of roses and sweet peas. Miss Doris Moody, attending her brother's bride, wore a similarly styled gown of white sheer, with fresh flowers in her hair, and carried pastel flowers.

Four-year-old Elaine Grimshaw, in a colonial costume of pink sheer, with colonial bouquet, was flower girl.

Peter Chandler came from Courtenay to serve the groom as best man. Ushers were Ned Alexander and Maurice Ritchie.

Mothers of the couple, Mrs. Amy Cawsey, 2809 Prior Street, and Mrs. Lucy Moody, Courtney, received guests with the newlyweds at a reception at the Cawsey residence.

White candles in silver holders flanked the three-tier wedding cake, encircled with white tulle and pink rosebuds. Martin Grimshaw gave the wedding toast.

Mrs. Moody chose belandrago suede shoes and handbag, peppermint pink straw hat and gardenia corsage bouquet to complement her tailored gabardine suit of turquoise, when she left, with her groom, on their wedding trip to Vancouver, Washington, Oregon, and California. They will return to Victoria to make their home.

Mr. and Mrs. Alfred Foubister with their three children, Murray, Sandra and Michele, who came from Wells, B.C., the end of June to visit Mr. Foubister's father, Mr. D. Foubister, Denman Street, crossed to Vancouver on Saturday night from where they left by plane for Sydney, Australia, Sunday morning. They will spend several months "down under," visiting Mrs. Foubister's parents, Mr. and Mrs. D. Herald, and participate in a family reunion there. Prior to their departure a reunion of the Foubister family was held here, with Mr. and Mrs. John Foubister and their children coming from Salt Spring Island, and Mrs. G. Laubenstein, the former Miss Kathleen Foubister, and her small daughter Sue, arriving from Edmonton, last Saturday morning. Another brother, Mr. Dave Foubister of Chilliwack, was unable to attend.

Personal Notes

Mrs. R. Stevens, New Westminster and Miss Shirley Adams, Alberni, were among guests attending the wedding of Miss Merle Alice Button and Mr. Harry Glover, at Sacred Heart Church.

Miss Margaret Stevenson was a tea hour hostess at Spencer's dining-room, to honor Mrs. W. B. Ross, the former Miss Stella Pennington. Guests were Mrs. D. A. Williams, Mrs. E. Brachet, Mrs. Maxey and Mrs. T. Kersell.

Mrs. Augustus Wood of Tucson, Arizona, is the guest of Dr. and Mrs. W. E. Baker, 3530 Midland Road, Saturday afternoon, at the tea hour, Mrs. Baker entertained in honor of her house guest.

Mrs. Sherwood B. Marshall, with her two children, David and Nancy, went up to Qualicum Beach on Saturday, where they will spend the next three weeks as guests of Mr. and Mrs. Sherwood Marshall, Sr., at their home there.

Holidaying at Shawigan Lake and staying at the Acacia Guest House are Mrs. S. Moul, Mrs. E. A. Evans and Mrs. J. Bell and her son, Warren, all of Victoria; H. A. Marling, Cleveland; Mr. and Mrs. H. A. Raseman, Honolulu, and Mr. and Mrs. R. H. Lawson and sons of Seattle.

Mr. Francis Stevenson, 74 Wellington Avenue, organist and choirmaster at Oak Bay United Church, has received word that his niece, Miss M. E. Stevenson, North East regional organizer of the W.V.S. at Newcastle-on-Tyne, has been awarded the M.B.E. in the King's Birthday Honors list.

Mrs. J. Patterson has returned, with her son, Mr. Jack Patterson, to her Colquitz Avenue home following a holiday trip to Edmonton. Returning to the city with Mrs. Patterson, to be her guests for the next week, are her son-in-law and daughter, Mr. and Mrs. H. M. Miller and little granddaughter Bonny, of Edmonton.

Honoring Mr. Wilson Jobson, who is leaving to enter the naval service, a stag party was held at the home of Mr. Len Hoakes, 3225 Glasgow Avenue, Friday evening. Mr. Jobson received a shaving ensemble, gift of the employees of C.P.R. British Columbia Coast Service. Entertainment and refreshments were provided. Guests were Messrs. W. Jobson, L. Noakes, R. J. Beattie, E. J. Marsh, B. T. McDonough, S. A. Digby, H. Tyson, R. Braloy, J. Yates, C. Olive, R. Tomlinson, C. Ormiston, W. Hillier, W. Hocking, L. B. Thompson, R. W. Digby, G. Marshall, C. E. Ireland, N. Cook, A. Davies, D. Coates.

Home At Langford After Wedding Trip

Just returned from motor trip through United States to Saskatchewan are Mr. and Mrs. George Alfred Jacob, nee Valerie Marion Klatt, who are making their home at Langford.

Choosing the 20th anniversary of the bride's parents, Mr. and Mrs. A. Klatt, Island Highway, the couple exchanged nuptial vows before Rev. Jensen on June 2. Grace Lutheran Church was decorated by Mrs. Alma Williams of Vancouver for the rituals.

The groom, son of Mr. and Mrs. L. C. Jacob, 616 Island Highway, was attended by his uncle, Craig Pilgrim. Leonard Klatt and Dale Bussey, Vancouver, cousins of the bride, were ushers.

Given in marriage by her father, the bride chose a satin and lace gown in old-fashioned mode, featuring wide satin panels at the front and back of the bouffant skirt, with alternating tiers of ruffled lace and satin. She wore her mother's wedding wreath to hold her triple net veil, the long train embroidered with satin flowers. Her bouquet of American Beauty roses and gardenias, was centred with a white orchid, and she wore a gold necklace set with pearls, gift of the groom.

Bouffant skirted gowns of icy white sheer were worn by the trio of bridal attendants.

Miss Kay Haun, Regina, was honor maid for her niece, Misses Peggy Jacob, sister of the groom, and Winifred Reader were bridesmaids and flower girl was Janet Anderson.

Miss Maureen Allen sang "Because," during the signing of the register.

Belmont Inn was the scene of the reception, where Mrs. Klatt and Mrs. Jacob assisted the couple in welcoming guests. Mr. Klatt decorated the wedding cake for his daughter.

When she left on the wedding trip Mrs. Jacob wore a pearl grey figured frock of crepe, topped with black three-quarter-length coat, black accessories and white orchid en corsage.

Hit Tunes Played At Empress Dance

Tunes from the new American musical, "On An Island With You," were featured by orchestra leader William Tickle at the Empress Hotel supper dance, Saturday night. Len Acres was featured pianist for the affair, held in the friendly atmosphere of the Grill Room.

"Hearts When You Lose," "Taking Miss Mary to the Ball," and the "Woody Woodpecker Song" were highlighted during the evening.

American guests included Mr. and Mrs. John Prentice of Seattle, Wash., and Mr. and Mrs. J. S. Yaeger of Riverside, Calif., who are honeymooning here. Lovely Mrs. Yaeger wore a stunning new-length gown of striped pink and green taffeta, featuring a full skirt, high-buttoned bodice and tiny round collar.

Mr. and Mrs. Yaeger will shortly leave for a holiday at Lake Louise before returning to the United States.

Another beautiful gown of floor-length floral jersey was worn by Mrs. Ivor H. Ash, who has recently come to reside in Victoria with her husband from Oxford, England.

Mr. and Mrs. L. K. Firth, Toronto, were guests of Mr. Alan Flowerdew and Miss Iris Birchell. Miss Birchell wore a lovely gown of pastel green, emphasizing a full skirt and clever accessories.

Two "special occasions" were marked by the orchestra, who played "Now is the Hour," commemorating the first anniversary of Mr. and Mrs. J. L. Kinear, Victoria, and "The West, a Nest and You" for Miss Margaret Lifton and Mr. Ian Kenning, who will be married on Wednesday.

Mr. and Mrs. Leonard Stelck entertained four friends—Mr. and Mrs. Harold Sinclair and Mr. and Mrs. Vincent Rush of Port Alberni.

Other Grill Room hosts included Mr. and Mrs. G. Gibney with four; Mr. and Mrs. R. L. Buller with eight, and Lt. Van Alstren with six guests.

Cold foods are best to serve on day: when folks find it just too hot to eat. Tempt jaded appetites with assorted cold meats and some refreshing spiced peaches. Make the spiced peaches with canned cling peaches by spicing their syrup and allowing the peaches to stand in it overnight.

Return From Mainland Wedding Trip

Back in Victoria to make their home following a wedding trip to Vancouver and Seattle are David D. Thorburn and his bride, the former Phyllis Marie "Sherry" Bayliss. The bride, daughter of Mr. and Mrs. William A. Bayliss, 345 Foul Bay Road, and groom, son of Mr. and Mrs. Robert Thorburn, 1354 Harrison, repeated their wedding vows at Centennial United Church.—Photo by Campbell Studio.

Brother, Sister Meet After 36 Years

Mr. James Keating and Mrs. Mary Romano.

Catching up on a period of 36 years in which they have not seen each other, are James Keating, 734 Queens Avenue, and his sister, Mrs. Mary Romano, who arrived with her husband, Frank Romano, in the city Friday from Detroit, Michigan.

The brother and sister parted in 1912, when Mrs. Romano left the family home in Belfast, Ireland, to travel to Toronto, Canada, with a friend.

Two years later the whole Keating family arrived in Canada to settle in Regina. Later James came to Victoria, and with

his wife and family have resided here for 14 years.

A family reunion was held at the Keating home Saturday night, when another brother, Jack Keating, Wellington Avenue, was also present to see his sister.

Mr. and Mrs. Romano, who are spending their time getting acquainted with relatives, and sight-seeing on the island, leave this week for Vancouver, where they will visit a sister, Mrs. A. Logan. En route home they will stop at Regina, to visit Mrs. Romano's parents.

Engagements

Announcements to appear under this heading will be accepted at the Times Advertising Department. Minimum charge \$1.50 for 10 lines and 15¢ for each additional line.

Mr. and Mrs. George Earl, 2137 Spring Road, wish to announce the engagement of their second daughter, Margaret Elizabeth Ann (Peggy) Webb, to Mr. Alfred Edward Linford, second son of Mrs. Katherine Linford, 976 Annie Street and the late Mr. Linford. The wedding will take place August 2, 1948, at 8 p.m., at Metropolitan United Church, Victoria.

There's news in a fast method of processing eggs by which they show no signs of deterioration after one year. The secret is in the thin plastic film with which the eggs are coated.

Cleans Up Telling How To Clean Up

Margaret Balfour, of Toronto, a board of education secretary, says she "loves" housecleaning better than ever now. She won \$5,000 in a soap contest for giving best reasons why brand was useful in spring cleaning.

They Win A Radio Wave

On Saturday afternoon the drawing for the 10 free Radio Waves given by the Margo Beauty Salon took place with the most able assistance of some of the members of the crew of the Canadian Navy ship H.M.S. Naden. Armed with a loudspeaker, Alf Worthington of Royal Advertising took his stand just outside the beauty shop on Yates Street. With him on one side was a new washing machine and on the other side the Radio Wave machine. A curious crowd quickly gathered and from this crowd Mr. Worthington asked the volunteers to come up, lift the lid off the washing machine and pick out three of the folded coupons inside. The first to offer help was a lady who drew three of the lucky winners and then the Canadian Navy, always ready for action of any sort, took over and the remaining seven names were drawn in lots of two at a time from the 1,500 names hidden in the washing machine.

Today there are 10 happy women in Victoria, some already showing their Radio Waves and others with appointments to be "radio waved" in the near future. Certainly the "lads in blue" who ride the waves helped in an unusual manner to distribute the waves on Saturday! Here are the names of the winners in the drawing:

Miss J. Cooper, 15 Olympic Avenue.
Mrs. L. A. McCauley, 2602 Graham Street.
Mrs. Sanderson, 944 Southgate Street.
Mrs. M. Cox, 1411 Grant Street.
Mrs. Ette Phillips, 3320 Kingsley Street.
Mrs. E. F. Browning, 244 Simcoe Street.
Mrs. W. Sim, 1123 Wychbury Avenue.
Mrs. W. C. Gordon, 2570 Shakespeare Street.
Mrs. N. E. Duncan, O-1116 Col-linson Street.
All of Victoria, B.C. ***

Merle Button, Harry Glover Wed At Sacred Heart Church

Classic simplicity was the keynote of the crepe-backed satin bridal gown worn by Miss Merle Alice Button, younger daughter of Mr. and Mrs. George F. Button, 1095 San Marino Crescent, when she became the bride of Harry Glover, son of Mrs. H. Glover, Calgary, Alta., July 7.

Father Thomas Mangan read the marriage service at Sacred Heart Church, Lake Hill.

White velvet leaves arranged in a coronet, held the embroidered net veil, cascading over the full-skirted gown. Given in marriage by her father, the bride complemented her ensemble with a double strand of pearls, and sapphire bracelet worn by her mother on her wedding day. Her bouquet was of scarlet roses and white sweet peas.

Ballerina gowns of moire taffeta were worn by honor matron, Mrs. J. Howroyd, sister of the bride, in honey blonde, and Miss Marie Gubbels, bridesmaid, in cornflower blue. White flowers trimmed their Juliet caps, and they carried bouquets of mauve sweet peas and yellow marguerites.

The groom chose as best man, his brother-in-law, W. Button. Ushers were Bill LaVerd and Carl Dunn. "Ave Maria" was sung by Miss Evelyn Cote.

J. Howroyd proposed the toast to the couple's future happiness at a reception at Lake Hill Community Hall. Mr. and Mrs. Button with Mr. and Mrs. L. DeKeller assisted the bride and groom in receiving guests.

Mrs. Cliff Button decorated the three-tier wedding cake for her sister-in-law, and the table was attractive with pink and white flowers and lighted candles. Over 100 guests sat down to supper. Vocal selections were given by Mr. G. Gubbels, accompanied by the Sacred Heart orchestra.

For the wedding trip to the mainland the bride wore a floral print afternoon frock, topped with Barthea topcoat, white accessories and corsage bouquet of gardenias and red roses.

Mr. and Mrs. Glover will reside in Calgary.

An egg white shaken vigorously with finely crushed ice, apricot whole fruit nectar, a bit of sugar and lemon juice makes a frosty drink that is as refreshing as a deep-sea breeze. Serve it immediately while it's still frothy.

Parent-Teachers' Annual Picnic

Mrs. W. Blair, introduced by J. Halstead, formally opened the Victoria and District P.T.A. picnic held at Beacon Hill Park, last week.

Special features included precision drill and formation marching by the Eaglettes' drill team, picnic supper and community singing.

Doncaster Heights and Cloverdale P.T.A.'s were in charge of sports; Sir James Douglas, soft drinks; Esquimalt, ice cream; James Bay, hot dogs; Monterey, P.T.A. color tags.

Judges and sports committee included Mesdames H. Reimer, Nicolson, W. S. Morry, T. Freemantle, Whiting, Messrs. W. Blair, H. R. Dawson, A. Garrett, R. Freemantle, A. Cullen, and H. Reimer.

Winners of sports prizes were Jimmy Sage, Tommy Frankland, Pat Martindale, Dorothy Jenkins, Sandra Freemantle, Terry Cox, Ray Rutherford, Betty Armstrong, Sandra Dodd, Douglas Dickie, Bobby Singh, Clara Walker, Faith Zalis, David Dawson, David Work, Helen Simenson, Norma Wetmore, Lance Rutherford, Harry Walker, Joanne Dawson, Kathleen Gibb, Bobby Jones, Tommy Jarvie, Lois Ogden, Loreen Roach.

News of the Island**Ex-Port Alberni Man Finds Body Under House In Calgary**

CALGARY (CP)—Police today launched a full-scale investigation into mysteries surrounding the discovery of a body of a 66-year-old man under the floor of a "spook-haunted" cottage in north-west Calgary. Police said they believed the man was murdered early in March, 1929.

Fears of the three young children of Mr. and Mrs. Alfred Cecil Pearce that there were "spooks" in the building, led indirectly to the gruesome discovery Saturday night.

Police said the body had definitely been identified as that of Thomas Charles Hall, a teamster, who formerly occupied the cottage. Identification was made by a brother of the dead man.

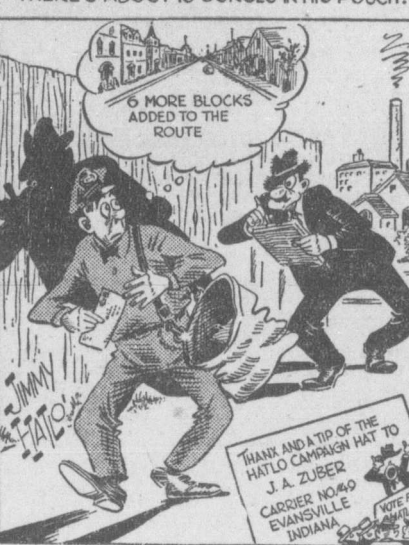

Police said they were seeking the dead man's second wife for questioning. They identified her as Camilla Rose Hall, who is known to have worked in a Cal-

They'll Do It Every Time

99 DAYS OUT OF A HUNDRED, "HOT-FOOT" JOE, OUR MAILMAN, PACKS THE LIMIT OF 50 POUNDS... AND THEN SOME!

BUT THE ONE DAY OF THE YEAR THEY PUT AN INSPECTOR ON HIS TAIL THERE'S ABOUT 16 OUNCES IN HIS POUCH!

gary coffee shop until two years ago. The couple were separated about 1923.

The body was found by Mr. Pearce, formerly of Port Arthur, Ont., and Port Alberni, B.C., under a bedroom floor in the cottage, which he had moved into the same day.

SPOOKY ATMOSPHERE
The children's nervousness about "spooks" started Mr. Pearce examining the cottage closely. He found a weak spot in the bedroom floor and pulled off some boards to check it, discovering the body. The joints had been cut away at that point.

The Pearce family, who moved to Calgary from Port Arthur four years ago and then went to B.C. last November before returning here recently, have had enough of their haunted cottage. They moved out of the cottage and said they would not return.

A son of the dead man, Flt. Lt. John Hall, stationed with the R.C.A.F. at Calgary, said he had lived with his father in the cottage until the early spring of 1929. He said he left early in March after a disagreement with

his father and had never seen him again.

Police said there was a jagged hole in the left temple of the body and one other hole in the head.

can. Mrs. S. Clement was tea convener. In the evening, J. Parkinson, president, presented trophies to Mrs. D. Bonde, Mrs. R. B. Halhed and Mrs. J. Grote.

Second Art Display On Salt Spring Set For July 24

GANGES—Second annual display of the Salt Spring Island Art Group will be held in Mahon Hall, Ganges, July 24, beginning at 2 in the afternoon. O. Leigh Spencer will open the display which will contain selections from the work of the group which has been meeting weekly for the past 18 months under direction of P. Ustinov.

There will also be exhibits of paintings from associate members, artists resident on Salt Spring Island. Examples of weaving, wood carving, violin-making, pottery, ceramic jewelry, china-painting and leather work by Salt Spring Island craftsmen will be shown.

\$500 Carnival Fund Aids Sidney Park

SIDNEY—Proceeds of the Sidney carnival and sports day which, amounted to approximately \$500, will be used for general maintenance and repairs of park property, it was reported at a meeting of Sidney Parks Board at the home of Cmdr. F. B. Leigh, president.

William Skinner, who reported on proceeds and George Grey, W. A. W. Murphy and D. E. Eckenridge were appointed a sub-committee to complete park tennis courts on the park grounds.

It was decided to put up the McIntosh Cup as a trophy for competition among members of the North Saanich and Islands Softball League, of which Robert Amos is secretary. Teams participating include Salt Spring Island, James Island, Saanichton, Sidney and Brentwood. A number of games have already been played.

Farmers Seek Tax Reductions

COBBLE HILL—Conclusion of all forms of indirect taxation, and removal of school taxes from the land, are sought in two resolutions passed at a meeting of the Shawigan-Cobble Hill Farmers' Institute, which will be presented to District A Farmers' Institute convention.

Declaration of an open season on does and hen pheasants to reduce crop damage is sought in another resolution. Changes in the fall fair catalogue were discussed.

Ladysmith Playground

LADYSMITH—Lions Club community playground in Market Square, only planned playground in the city, was declared open for the summer, by Mayor Leonard Ryan, with the appointment of Miss Mary Ann Brister as supervisor.

The playground was inaugurated two years ago and has been used greatly by the children of Ladysmith. The modern equipment includes a spacious pool, swings, teeter-totter, slide, monkey bar and checkers, a game enjoyed by parents as well as children.

Garden Show Draws 350 At Chemainus

CHEMAINUS—Approximately 350 attended the Chemainus Garden Club flower show here, when 280 entries vied for honors in the various classes.

J. Sandland, chairman, introduced J. S. Johansson, who officially opened in the afternoon. Judges were Mrs. R. H. M. Shaw and Mrs. R. Townsend of Dun-

Begonia Exhibition To Help Solarium

The first exhibition of begonias held in the Pacific northwest will be staged next Friday and Saturday in the Douglas Room of the Hudson's Bay Company during store hours. From reports received this will be a spectacular display. There will be a collection taken and all proceeds will be donated to the Queen Alexandra Solarium.

A Holiday Hazard

Don't take a chance on summer complaint spoiling your vacation, take along a supply of DOCTOR FOWLER'S EXTRACT OF WILD STRAWBERRY. At the first symptom of diarrhoea, intestinal pains or summer complaint, take the prescribed amount of this pleasant and effective remedy. DOCTOR FOWLER'S EXTRACT OF WILD STRAWBERRY is an old family medicine, widely used for nearly a century.

With Canada's Naturalists

Written for The Canadian Press By PERCY GHENT

Physical suffering, especially eye injuries; property damage, an immense destruction of useful birds—this is the toll of the so-called air gun, which is really a spring gun, so commonly used by young boys.

Clive Thomson, Toronto lawyer who prepared a report on the menace, consulted police officials, humane societies, school teachers, builders and other authorities for information. There were unanimous agreement that the air guns were responsible for considerable suffering and destruction.

SOME PERSONS BLINDED

Cases of blindness from BB shots were not uncommon, it was learned. Electric street lights and the windows of buildings under construction were destroyed in almost every community every night, police reported. By the same weapon, humane society officers reported, cats and dogs were painfully injured, and many runaways among horses were traced to this cause. Every year large numbers of song and insectivorous birds—birds which have destroyed hosts of insect pests—are slaughtered by boys armed with air guns.

An endeavor is being made to have the Criminal Code amended to include "spring guns" in the list of prohibited weapons that must not be sold to minors. Because this classification is not yet included, police officers and others find it useless to prosecute in offences where the spring gun—called in error an air gun—has been the cause of bodily injury or property damage.

CRAYFISH AS BAIT

The writer recently X-rayed a crayfish, one of those queer-looking cousins of the lobster. It made a fascinating picture with

its five pairs of legs, formidable "nippers," its antennae with minute rings, and its fan-like tail. A request was sent to Dr. J. R. Dymond, ichthyologist at the Royal Ontario Museum, for information on the economic importance of the creature—if any. The reply showed why anglers find the crayfish such excellent bait for bass fishing.

Dr. A. L. Tester, it appears, examined the stomach contents of 98 adult bass taken from Georgian Bay. Seventy-five per cent of these had not only been feeding on crayfish, but it constituted 71.7 per cent of the actual food volume examined. Similar examination of the Lake Nipissing bass disclosed that these fighting finnies had been eating crayfish to the extent of 79 per cent of their entire food volume.

Another authority, Dr. W. E. Ricker, says speckled trout are also fond of crayfish lunches—they are an important item of food for speckled trout in the warmer streams, he writes, less important in ponds and lakes. And crayfish are sometimes eaten, in considerable numbers by sturgeon.

PLEA FOR CARIBOU

On Kelun Island, Lake Nipigon, Ont., there is known to be a herd of about 25 woodland caribou, a magnificent deer species almost at the point of extinction because of their inability to tolerate, for some strange reason, the presence of man near their haunts. This island, about 60 square miles in area, was leased recently to a logging company for cutting privileges. Conservationists and naturalists argue that this lease should be cancelled for the sake of the caribou, as the loss of that herd would bring appreciably nearer the total extinction of the species.

Long-Distance Bike Rider Visiting City As Ship Crewman

LEONARD BASQUE

Cycling an average of 15 miles an hour up and down hill is nothing to Leonard Basque, a crew member of the American freighter Ss. William Tilghman which docked in Victoria today.

Basque, who is a Puerto Rican by birth and whose home is at Fort Bragg, Calif., is a long-distance cyclist. He has established several records in the United States.

On one occasion he cycled 180 miles from San Francisco to Fort Bragg in 13 hours and 15 minutes. He made no over-night stop on the trip, pausing on the road to eat.

TRAINS FOR TRIPS

Basque is 40, but he looks more like a man in his thirties. When asked how he kept in condition, the cyclist replied he did not smoke or drink.

"I also train for about two weeks when I go on a cycling trip," he said.

Basque is sorry he hasn't his bike with him as he thinks Vancouver Island is a "pretty bit of country from what I've seen."

He rides a bicycle that weighs about 22 pounds, equipped. The bike is equipped with three-speed shifts.

Basque says he is not only a cyclist, but a photographer, artist, baker, printer and tile worker.

There are countless millions of far-distant, superheated, self-luminous gaseous bodies called stars and each one is a sun.

No Rudder, 'Prop' Damaged, Plane Landed Safely

SEATTLE (AP) — Rudderless and its propeller damaged, a small plane landed safely near here Sunday night after a hazardous flight over the Cascade Mountains.

Grover C. Greimes of Seattle, the pilot, said he and an unidentified friend, the only occupants, steered the plane by opening and closing the doors.

The aircraft lost its rudder when the plane struck high tension wires near Yakima on a flight from Kennewick to Seattle. The plane hit the wires at an altitude of about 75 feet while Greimes was "blinded by the sun." A few moments later the plane flew low over the control tower at the Yakima airport. Civil Aero-

navics Administration officials said it. course was so "erratic" that all crash equipment at the Yakima field was mobilized.

But Greimes merely dropped a note that he was continuing to Seattle. The note did not mention the missing rudder nor the earlier collision.

Later, after an uneventful landing at a small private airstrip, Greimes was asked why he hadn't landed at Yakima.

"If I was going to crash I wanted to be close at home," he responded.

Eagles' Teen Dance

The Youth Guidance Committee of the Fraternal Order of Eagles is sponsoring a special summer dance for teen agers in the Eagles' Home, View Street, Thursday evening, beginning at 7:30. C. Miller, chairman of the Youth Guidance, has announced that there will be many special surprises for those attending.

75-Mile-An-Hour Action At Langford Speedway

Four major race cars jockey for position in the second heat race of Saturday night's races. On the pole is Vern Bruce in the No. 36, Bruce Passmore's speedway special. Outside is Brownie Brown in the No. 3. On Bruce's tail is Howard Stanley in the No. 2, engine-in-the-rear job, and in the background is Bob Simpson in the greatly improved No. 16 wagon. Picture was caught by Times cameraman on the south turn near the start of the race. Diger Caldwell, in the local No. 1 car, built up a good lead and won the event. Stanley was second and Brown third.

Cliff Salmond, Elaine Silburn Added To Canada's Olympic Team

MONTREAL (CP) — The Canadian Olympic Committee today added Clifford Salmond of Victoria to the men's track team and Nancy Mackay of Toronto and Elaine Silburn of Victoria to the women's squad.

The team sails from Halifax July 15.

Outside of the marathon and 5,000 metres Canada is making its bid in the short distances and particularly the sprints. From the two days of competition which ended Saturday, no selections were made for distances beyond 5,000 metres.

Five sprinters, four from British Columbia and one from Toronto, were named to the eight-girl team along with two high-jumpers and one broad-jumper.

The men's list features sprinters, then quarter- and half-milers and finally Bill Parnell of Vancouver in the 1,500 metres. Only three field events men were named.

Gerard Cote of St. Hyacinthe, Que., Canada's outstanding marathon runner, was previously named to the team. The selection committee Saturday added Walter Federick of Hamilton, Ont., and Lloyd Evans of Montreal to the marathon contingent.

Lionel Fournier of McGill was named decathlon competitor.

The men's team has five representatives from London, Ont., four of them from the University of Western Ontario.

The McFarlane brothers from Western were sure selections. Big Bob, Canada's hope in the 400 metres, which he won at the trials here Friday, competed Saturday in only a relay, his team winning the 1,600 metres. Bob scratched from the 200 metres, won by Jack Parry, also of Western.

DOUBLE WINNER

The triumph was Parry's second in the sprints. He captured

Cerdan Regains European Crown

BRUSSELS (AP)—Marcel Cerdan regained his European middleweight championship Saturday by defeating Cyrille Delannoy of Belgium, on points in a gruelling 15-round fight before 15,000 fans at the Palais Des Sports.

It was a close decision and the crowd booed the three officials.

Cerdan scored the only two knockdowns. In the third round he dropped Delannoy with a sharp right to the chops, but the Belgian bounced up without taking a count.

The 100 metres Friday, and in both events his performance was under Olympic standards set for the final trials.

Don McFarlane did his part in the relay and ran a dead-heat second with Parnell in the 800 metres, won by Jack Hutchins of Vancouver. On his winning performance in that event and a second place in the 1,500 metres the previous day, Hutchins earned a place on the team.

A crowd-pleasing winner on Saturday was 20-year-old Salmond, who captured the 5,000 metres with a great exhibition of stamina in terrific heat.

Bob Piercy of the University of British Columbia dropped out little more than half way through and Don McEwen, 19-year-old runner from Gleebe Collegiate at Ottawa, collapsed 125 yards from the finish after pressing Salmond all the way.

Bill Larochelle, another star

Apathy Of Players May Finish All-Star Game

ST. LOUIS (AP)—The fate of the major league all-star classic hung in the balance today.

Incensed over the refusal of Bobby Feller and Marty Marion to play in the 15th annual all-star game here tomorrow and the apparent apathy of others, big league club owners were preparing for a showdown with the players.

From a reliable source it was learned that the moguls, backed by presidents Ford Frick of the National League and Will Harridge of the American, were ready to issue the following ultimatum to the players: "Either you live up to your moral obligations and play when called upon or let's drop the whole thing."

Feller bowed out because he said it would interrupt his regular pitching rotation for Cleveland. St. Louis' Marion, who at times has been rested because of an ailing back, begged off because he claimed he was not in the best of shape, yet he has not missed a game lately.

In addition it was doubtful

from Western, accounted for the 400-metre hurdles and took a turn with the relay team. He was named to the squad.

Eric Coy of Winnipeg, veteran field-event exponent, Art Jackes of Toronto, the high jumper, and Leo Roinine of Sudbury, Ont., javelin-throw winner and third place in the shot put were the only field specialists named.

Coy Saturday won the discus throw, adding that victory to the one he scored in the shot put the previous day. He and Parry were the only double winners of the meet.

SET THREE RECORDS

Three Canadian records were established Saturday: Salmond for three miles of his 5,000-metre run; the British Columbia girls in 400-metre relay team; and Fournier's decathlon performance.

Every member of the British Columbia relay team caught a place on the Olympic squad. They are the sprinters Diane Foster, Millie Cheater, Donna Gilmour, all of Vancouver, and the flashy Pat Jones of New Westminster.

Diane Foster Saturday won the women's 200 metres in Olympic standard figures of 26 seconds flat. Pat Jones won the 100 metres the day before. The other two reached the finals in both events, Millie Cheater finishing second in the 200 and third in the 100. Donna Gilmour was third in the 200 and unplaced in the 100-metre finals.

Both the high jumpers selected performed Saturday. Doreen Dredge of Kelvington, Sask., won the event with a better-than-standard mark of 5 feet, 2½ inches. Shirley Gordon of Vancouver cleared the bar an inch lower.

Rain Prevents Play In Cricket Test

MANCHESTER, Eng. (Reuter)—Rain today prevented play in the third cricket test match between England and Australia. The game will be resumed tomorrow if weather permits and end tomorrow night. Australia won both the first two tests.

England Saturday scored 174 runs for the loss of three wickets in their second innings, following a first-inning total of 363 to which Australia replied with 221.

Strong, Salmon, Jubb On Olympic Team

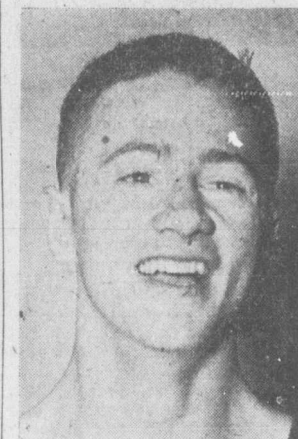

Victoria Swimmers Earn Right To Represent Canada; B.C. Does Well

MONTREAL (CP)—Canada's Olympic swimming team squad returned to the city today after a Sunday trip to the Laurentian Mountains for their first appearance as a team in an exhibition at Ste. Marguerite, Que.

The team was selected Sunday following two-day trials at nearby Verdun. Picked from more than 70 natators were Irene Strong, Victoria; Vivian King, Winnipeg; Kay McNamee, Vancouver; Joyce Court, Montreal; Peter Salmon, Victoria; Peter Mingle, Montreal; Eric Jubb, Victoria; Dr. George Athans, Vancouver; Doug Gibson, Toronto, and Allan Gilchrist of Ocean Falls, B.C.

It was evident from the selections that the Dominion will have no entry in women's diving events since both Evelyn Buchanan of Toronto, who won the three-metre events, and Marjorie Cochand of Montreal, who won the tower diving, and placed second in three-metre, were omitted.

In place of a woman diver,

PETER SALMON

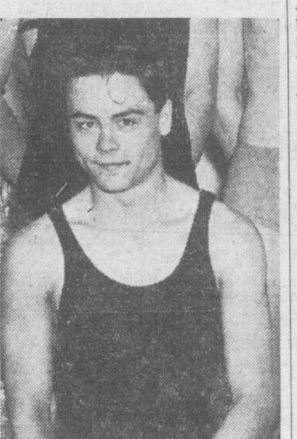

the committee selected Jubb, an all-round swimmer in 100-yard freestyle and backstroke events. Jubb won no events during the two-day trials, but Olympic coach Archie McKinnon of Victoria, who coached him and Salmon,

IRENE STRONG

considers him a promising natator.

Salmon is the Dominion's hope in the 200-yard breaststroke contest and for longer events Gilchrist and Gibson will uphold Canada's name.

ERIC JUBB

Gilchrist and Gibson are 400-yard freestyle experts and will form the nucleus of any relay team which Coach McKinnon may enter during the London games.

Dominion diving champion

Athans whose near-perfect form won him top honors in three-metre and tower diving at the trials may bring some honors to the team. He is an Olympic veteran having competed in the 1936 Olympics and also won a third during the 1938 British Empire Games.

Irene Strong is Salmon's counterpart on the women's side of the team. The pretty Victoria maid won the 200-yard breaststroke and 100-yard freestyle events and clipped seconds off three records.

Two other women swimmers to make the team—Vivian King and Kay McNamee—are able distance swimmers having placed first and second in the 440-yard freestyle.

Joyce Court cracked a record in the 100-yard backstroke which makes her a cinch to represent Canada in Olympic backstroke events. In the 400-yard freestyle, Vivian King toppled a Dominion record and will probably enter that event at Wembley.

Billy Davidson Takes Island Bowling Title

The Peace Cup, symbolic of Vancouver Island lawn bowling singles supremacy, was won on Saturday by Bill Davidson of the Canadian Pacific Club, as he narrowly edged H. Gahan of Beacon Hill, 15 to 14.

The final game was a keen contest, as indicated by the score. The finalists had survived elimination which began at 9 in the morning.

Gahan entered the final after an uphill struggle with J. Little of Victoria West, and came through by a single point. The champion eliminated Harry Jackson, Beacon Hill club champion, in the other semi-final bracket.

Davidson is no newcomer in the winner circle, having held the cup in 1940.

Consolation triples, played Saturday afternoon between eliminated players of the first and second rounds, were won by Tom York's trio, including J. McMartin and W. Pearce. Jack Richardson of Lake Hill skipped the runners-up.

George B. Dixon, vice-president of the Greater Victoria Lawn Bowling Association, presented the prizes in the evening and called on Billy Wilson of Canadian Pacific, last year's winner, to present the Peace Cup to his clubmate.

Bob Eastham Lands 41½-Pound Salmon At Saanich Inlet

The biggest spring salmon caught in several years in Saanich Inlet waters, was landed by Robert Eastham, 1745 Bank Street, Sunday evening.

Weighed-in at the Anchorage, Brentwood, by Harry Peard, the king of the finny ranks went 41½ pounds.

Member of the Victoria Fire Department, Bob hooked into the big one in the Quarry Bay area. He had a McKnight spoon on 300 feet of wire line and was using a planer.

"Usually the big fish don't offer much fight, but this one was an exception," Eastham said.

PUTS UP FIGHT

Bob said the fight went on for about 45 minutes, and according to eye-witnesses, during the process the veteran angler was the most excited man on the inlet. Because of the continued show of fight by the fish, Eastham had to let it run several times after getting it near the boat.

The fisherman is greatly disappointed in one respect. He had not been fishing for some time and before going out yesterday had neglected to purchase a 1948 membership in the Victoria-Saanich Inlet Anglers' Association.

The result is he cannot claim for a gold button—and a catch of that size would likely be a sure winner of the diamond-eyed gold button awarded annually for the largest salmon taken by a member.

Ike Williams 2-1 Favorite To Whip Beau Jack Tonight

PHILADELPHIA (AP) — Ike Williams, at his best when the chips are down, takes on what may be his toughest assignment tonight in a 15-round defence of his lightweight boxing title against Beau Jack.

The sharp punching Trenton, N.J., titleholder is a 2 to 1 favorite to beat the former Georgia shoeshine boy seeking to regain a title he has held twice before.

Williams, who gained undisputed claim to the crown by knocking out Bob Montgomery last August, will be after his 16th straight victory. His last defeat was in January, 1947, at the hands of Gene Burton.

Jack, twice sidelined by broken knee caps since mustered out of the United States army, has dropped one of eight fights in the last eight months. That was to Terry Young, a battler he beat several years ago.

Joe Louis Will Not Seek Public Office

DETROIT (AP) — That talk about Joe Louis' running for a political office appears to have been a little overdone.

The heavyweight champion, in town during the week-end, said he definitely wasn't going to run for any office.

"I'm not interested in politics as a candidate," Joe said. "I have been misunderstood. I was asked if I was interested in politics and I said 'yes, as any American should be,' that's all."

Milledge Beats Brand For City Tennis Title

Bernard Milledge is the new men's city tennis champion. Taking over the title vacated by Henry Bennett, Milledge yesterday proved his worth to the crown by defeating veteran Carl Brand in straight sets, 6-4, 6-2, 12-10.

Displaying an amazing aggressive backhand, Milledge swept through the first two sets in short order. Brand rallied in the third to take a 4 to 2 lead but Milledge recovered to take the lead at 5 to 4 in games. From that point on the set was nip and tuck. Games followed service to eight-all when the eventual winner lost his service to give Brand the lead. Brand reached set point in the 18th game but Milledge took the point with a perfect drop shot and then proceeded to square the match.

This proved to be the turning point as Milledge faltered only once, thereafter, dropping three

match points in the 20th game but stowing the match away in the 22nd game.

Although edged in singles play Brand returned to the court with Jim McArthur to sweep the men's doubles title in straight sets from Milledge and Dave Williams. Scores were 6-0, 6-3, 6-4.

Lobbing was undoubtedly the most effective weapon employed by the visitors with McArthur being particularly successful. Combined lobbing and driving appeared to disorganize the first-seeded duo and they fell into many errors.

PAT COWAN WINS

Favored Pat Cowan won the women's singles as Anna Peden was badly off form and dropped two straight sets, 6-1, 6-1. With Patience Birley and Bessie Wilson having previously been named women's doubles champion the lone remaining title on yesterday's program was the mixed doubles. Brand and Mrs. Edwards captured the crown with a 6-3, 6-1 triumph over Milledge and Miss Cowan, 6-3, 6-1.

Lim Lee, local Chinese player won the men's singles flight championship by defeating T. Woodruff. E. McDonald won the women's flight championship with a victory over Louise Chalu.

Lloyd Mangrum Closes Fast For Open Golf Victory

COLUMBUS, O. (AP) — Lloyd Mangrum, 33-year-old former National Open champion from Chicago, closed like Citation Sunday to win the third annual \$10,000 Columbus Open golf tourney by a single stroke in a fine stretch drive.

Mangrum, winner of the 1946 United States Open in a three-way playoff with Byron Nelson and Vic Ghezzi finished with a three-under-par 68 for a 72-hole total of 268, 16 under par.

George Schoux, 29-year-old pro from San Francisco, gave up a four-stroke edge at the end of 36 holes, and a three-stroke advantage at the end of 54, to wind up second with 269, after scoring one over par with a 72 when the chips went down on the final round.

The victory was worth \$2,000 to Mangrum, while Schoux earned \$1,400 for the second shot. Stewart (Skip) Alexander, Lexington, N.C., pulled up third with 271, three off the pace, for \$1,000 in prize money.

Garnie Carter New B.C. Skeet Champion

New Westminster's Garnie Carter emerged Sunday as the 100-bird provincial resident skeet champion in the featured competition of the Victoria Gun Club's 1948 edition clay-pigeon busting tournament staged during the weekend at the Albert Head Road grounds.

He pulverized 94 out of 100 targets to win the E. W. Hamber Perpetual Trophy and the B.C. R.A. silver badge. This is the second year running the major title of the tourney has gone to a Royal City man. Willard Cooper of the New Westminster "shooting Coopers" won the trophy last year and there was a shootoff between him and F. Cooper yesterday for the runner-up berth when they wound up with 93's. Willard won.

In the non-resident bracket of this event, D. G. Bedford, Seattle, was high man, breaking all but four of 100 targets. Yakima's Charlie Morton and C. J. Hoffman, Seattle, finished even with 94 for a 100 and Morton took the 95-bird shootoff.

Tournament attracted the largest entry in the seven years the club has been staging the two-day program. There were over 100 active participants.

A score of shooters attended from across the line, including three women.

Russell B. Horton, president, officiated at the presentation of prizes in the evening.

SKET POPULAR

Saturday was taken up with trap events, Sunday for skeets. Entry in the 100-bird skeet title event was the heaviest on record by a wide margin. There were 12 squads, made up of 58 shooters.

By virtue of his 47x50 on the Saturday 50-target trap event and 48x50 in the first half of the Sunday skeet title shoot, Ted Bailey, Victoria, was B.C. all-around champion of the meet. He appeared to be going places in the opening half of the 100-target title event Sunday, but fell down badly in the last half.

Yakima's colorful Morton was the all-round trap champion on the tournament. He had to win this via the shoot-off route with Herb Sabine, Vancouver. They finished with 173x200 Saturday and Morton broke all but two in the added contest.

Cliff Frey, Waterville, Wash., won the opening 100 bird trap event of the meet in A class. His score was 96 x 100. There was a shoot-off for second place in this class between Carter, R. Frey and Sabine for second place when they came up with 95's, Carter winning his first laurels of the week-end.

L. Currie, New Westminster, topped B class with 93; Joe Garner, Duncan, the runner-up. He and C. Hinton, Chelan, Wash., tied with 92's, the Duncanite winning the extra go.

R. McFarlane, New Westminster, was high C class shot with an 83; H. Payne, Manson, Wash., runner-up with a 79.

In the 50 bird open handicap trap event, Morton was first and Evelyn Stoddard, Yakima, second. They ended up with 45 x 50 each and Morton bested the fair-sex shot in the extra 25 bird shoot.

The 25 pair of trap doubles saw O. Painter, Chelan, win A class with 41 x 50, Lou Horth, Sidney, placing second three points lower. In B class Clarke Atchison, Victoria, was high man with a 38 x 50. J. Garner, Duncan, won an extra fight with W. McBroom, New Westminster, for second place.

LOCAL TEAM WINS

The Victoria team of Bailey, J. H. Zaccarelli, Harold Moon, W. Dalziel and Art Turner won the team shoot for T.C. marksmen. Their score was 111 x 125. They beat out three other squads, including a local squad of higher classed shots. International trap team shoot was won by the quintette of the two Preys, Painter, Hinton and Stoddard, by a score of 112 x 125.

In skeet event 2 Sunday—25 targets 20 gauge or smaller—there was a shoot-off involving three in the resident department, R. W. Lamb, Vancouver, F. Cooper and F. Cope, N.W.M., the latter two coming out one and two, respectively. The trio scored 21's. Bruce Stoddard, Yakima, was first in the non-resident group, 23 x 25, Morton second with one less kill.

New Westminster team of R. Lamb, F. W. and J. Cooper and Carter won the resident 25-target team shoot, score 111 x 125, Hoffman, Morton, Ray, Bedford and Livingstone the international team event with 118 x 125.

Oakland Clings To One-Game Lead In Coast Baseball

The Oakland Oaks—after a hectic week with San Francisco—ruled the Coast League roost today, thanks to Cookie Lavagetto.

Lavagetto, an old hand at such things, broke up yesterday's second game with a ninth inning single scoring Brooks Holder for a 6 to 5 win. That gave the Oaks the series, four to three, and kept them one game in front of the Seals, who took the opener, 12 to 4.

Cliff Melton, the mountainous lefty, posted his second win of

Oakland	61	45	.575
San Francisco	58	44	.569
San Diego	58	46	.558
Los Angeles	56	48	.538
Seattle	49	51	.490
Hollywood	48	54	.471
Portland	41	49	.410
Sacramento	38	62	.380

the week with a seven-hit effort in the morning game.

Big Jack Graham led San Diego to a double triumph with his 40th homer of the year and his fourth of the week. Portland was the victim, 11 to 7 and 3 to 0.

Los Angeles split with Hollywood, as did Seattle with Sacramento.

First Game—R. H. E. San Francisco 12 13 9 Oakland 7 10 9

Second—R. H. E. Melton and Howell; W. Hefey, Spear (6), Lee (6) and Raimondo.

San Francisco 5 11 11 Oakland 2 12 9

Werte, Dempsey (6) and Leonard; Gasaway, Trout (5), Buxton (7) and Lombard, Raimondo (9).

Portland 7 11 11 San Diego 0 4 0

First Game—R. H. E. Tule, Heiser (4), Dibble (8) and Silvers; Hallinger (4), Jurisich, Kerrigan (6) and Ritchey.

Spaulding Main Event Winner At Auto Races

Veteran Jack Spaulding high-balled the local No. 15 car through to a surprise win in the 30-lap feature event of Saturday night's Langford Speedway international car races.

He boomed by the Seattle flash, Don Olds, at the start of the 27th lap and outdrove the visitor to the checkered flag.

Little John got a great ovation from a packed house for his solid performance. He had chased Olds from the fourth lap before finally tagging him.

BREAKS RECORD

Olds was driving the all-aluminum No. 5 car in which he cracked the track record last week, only to shave 1-100 of a second off his record this time. Track record was 18 seconds flat. Last week Olds drove the 3/4 of a mile track in 17.90 and on Saturday rocketed the car around in 17.89.

It was a great night all round. Leo Dobry showed off his \$21,000 City of Tacoma car which placed sixth in the last 500-mile Indianapolis race. Shorty Schovell, former Indianapolis driver, was at the wheel. The track was too small for him to open her up.

Dobry's No. 1 car, driven by Schovell in the contests, threw its right rear wheel in the second heat race and was out for the remainder of the evening. Up to then it looked good.

Victoria's Jerry Vantreight

showed better than ever in the No. 6 car. The local No. 1 car driver, Digger Caldwell, was going places until his machine gave up the ghost just before the main.

Here's how the main event wound up: Spaulding first, Olds second, Vern Brice in No. 36 third, Vantreight fourth, Bob Simpson in No. 16 fifth, Brownie Brown in No. 3 sixth.

Vantreight forced Olds in the Helmer Dash, talling him all the way. Bruce was third. Time was 1.31.38.

Olds waltzed home in the first heat race, with Vantreight second and Caldwell third. The Digger couldn't get the jump on Jerry but he tried hard. Schovell was sitting on Caldwell's tail at the finish. Time was 2.36.04.

Caldwell won the second heat race easily. Howard Stanley in the engine-in-the-year job, No. 2, was second. Brown was third in No. 3. Time: 28.28.81.

Simpson gave a polished performance to win the third heat race. Brown was second and George Haslam in No. 9 third. Time: 3.31.66.

Fourth heat race honors went to Spaulding, who whipped past Haslam on the sixth lap of the eight-lap race. Eddie Kostenuk in No. 25 was second. Bruce was third. Time: 2.33.60.

Caldwell's time in the second heat race was fastest of the four eight-lap contests.

Other prize winners follow: Low net 36 holes, J. Harvey; runner-up low net, H. A. Johnson; low gross first 18 holes, R. Herberston; low gross second 18 holes, P. Redford; low net first 18 holes, B. Hopkins; low net second 18 holes, B. Sherratt.

Timber Service Strengthen Hold On Softball Lead

Highlighted by home runs off the bats of Mickey Smith and Roy Okell, Timber Service edged Navy 7 to 5 in Saturday night's senior men's softball engagement.

Win bolstered the Timbermen's hold on first place and assured them of nothing worse than a tie. Second-place Douglas Tires must win their remaining two games to force a first-place playoff.

Tonight Douglas Tires and the third-place Brentwood Aces clash at Central Park, starting at 6.45.

After Navy had gained a 1 to 0 lead in the first inning Timber Service took command with two runs in the fourth as Smith homered with one aboard. They were never headed and sewed up the win with four runs in the top of the eighth, Okell getting his home run with a runner on.

Tillicums, Eagles Sweep Minor League Doubleheaders

Tillicums and Eagles made the biggest gains in the juvenile baseball league race yesterday, both clubs winning two games.

The clubber, defeated Poodle Dog Cafe, 7 to 4, in a morning game and then came back in the afternoon to blank Ace Woodworkers, 2 to 0.

Eagles squeezed by Fletcher's Men's Shop, 12 to 11, in their first game and nipped Grenek's, 6 to 4, in the afterpiece.

Poodle Dog Cafe got an even split out of their schedule as they dropped Woodworkers, 8 to 2, while Fletcher's were trimming Grenek's, 6 to 2, in the other afternoon games.

Eliminations for the annual woodenface competition will take place at Athletic Park every afternoon this week from 1.30 to 3.30.

Ken Raffensberger of Cincinnati Reds topped Meyer's performance by pitching the Reds to a 1 to 0 one-hit triumph over the third-place Cardinals in St. Louis. Marty Marion's fourth

runs in that frame and were never headed.

The triumph increased the Braves' lead to 5½ games over the runner-up Pittsburgh Pirates who were beaten 1 to 0 by the Cubs in Chicago.

Russ Meyer held the Pirates to two hits and won a pitching duel from Ernie Bonham when Andy Pafko cracked his 13th homer of the year in the seventh inning.

Dark Hits Safely In 23rd Straight Battle

Expect Patch Job Good Enough When Car Tracks Out

Victorians needn't expect a network of newly-paved streets to carry them to work when all streetcar tracks are removed in the downtown area.

Alderman J. D. Hunter, chairman of the public works committee, said today that in most cases the slots left when the rails are removed will just be filled in to a level of the existing pavement.

Wherever repairs are needed to the roadway alongside the track slots, however, the complete work will be done.

In any case, it is considered that the present slot-filling job is quite satisfactory and will give Victoria motorists and visitors the benefits of some of the widest city streets enjoyed in any Canadian city.

Issue Permit For \$10,000 Alterations To Red Cross Office

Largest of a number of building permits issued at the City Hall today was that issued the Canadian Red Cross for \$10,000 alterations at the organization's offices at 1046, Government Street.

The work will consist of extensive renovations and alterations to existing accommodation in the headquarters.

Other permits included one for \$2,000 alterations in the Scollard Building to provide new offices for Mutual Life Assurance Co. of Canada, another for a \$15,000 inlet house on the Dallas Road waterfront for the Crystal Garden, and one for a \$6,000, five-room house at 3170 Mars Street.

Opening Wednesday

Official opening of the Rudd supervised playground in Saanich will be held Wednesday at 6.30 with Dr. Henrietta Anderson and Councillor Rudd officiating.

Highlights of the programme will be a mothers' and fathers' ball game, a decorated bicycle and buggy parade, climaxed by a scheduled league game in the 15-year-old class between Playfair and Rudd teams.

The wading pool has been newly painted and along with the other park equipment is in first-class shape for the children who embarked on their summer adventures at the playground today.

Only 2 Small Fires

No news is good news for the forest protection branch of the lands and forests department.

Officials, today reported as "unusual" the welcome absence of forest fire outbreaks during the week-end.

"You usually can count on trouble at this time of the year, but there were only two small fires yesterday which are expected to burn out with little damage," a spokesman said.

One was in the Chilliwack area and the other near Prince George.

Dry, settled weather is expected for the next two days, which may bring new outbreaks. It's been wet in many sections, though, including the Nelson area and the sage-brush Kamloops district.

City police were informed today two wheels and tires were stolen from a car parked on Stables Garage lot during the night. Gasoline was stolen from cars on Gladwell Motors' View Street lot during the night, police reported.

Expect Dardanelles Widening To Be Forgotten Project

Disappearance of the streetcars from Victoria streets seems to have put any project for widening the Dardanelles into the far distant future.

At City Hall today, officials said a great deal of the congestion and danger has gone with the streetcars.

However, the city still has on its hands the property acquired through by-laws passed with a view to the widening of the Dardanelles. In some cases, the property was purchased outright from the owners, and in others, property back in the hands of the city was resold through tax sale with the new property line established.

In addition, the improvements on Pandora Avenue and Fairfield Road have caused a good many motorists to take those routes, although some are expected to switch back to the Dardanelles route when the Streetcar tracks are removed.

Generally, while the widening of the Dardanelles is still in some peoples' minds, the project is expected to be either abandoned or forgotten for a long time.

Girls' Drill Team To Honor Founder

Members of the Victoria Girls' Drill Team, assisted by the ladies' auxiliary and team alumnae, will hold a banquet and dance Friday, July 23, at the Club Sirocco, it was announced today.

The party will mark the 10th anniversary of the team's existence, and will honor its founder and present director, Norman Foster.

Invitations to the event have been issued civic and government officials. Former members of the team wishing to attend should contact present members for tickets.

Given Scholarship

Donald C. MacKinnon, who has just completed first year studies at Victoria College, received a \$100 scholarship from the Victoria Gyo Club at a club meeting held at noon today in Louheed's Banquet Club.

The presentation was made by Gyo president William Bond.

The award is made annually by the club to the best all-round male student enrolled in a first-year class. Leadership, distinction of mind and merit in games are qualities on which the scholarship selection is based.

'Rebel' Mowat Rewarded For Heroic Lifesaving

'REBEL' MOWAT... another award for courage.

The Royal Canadian Humane Association announced from Toronto today that George N. "Rebel" Mowat, army veteran and popular Victoria sightseeing guide and sports promoter will be presented with a parchment certificate in recognition of the rescue from drowning of W. A. McDougall, 507 Simcoe Street, from the waters of Saanich Inlet on May 3, 1946.

When informed of the award this morning, "Rebel" had little to say of the incident which won him the award for bravery.

"He swam for awhile, then just went under," he said, "so I jumped in and grabbed him." The incident occurred while Mowat, then a sergeant in the water transport division of the Army Service Corps, was on a

fishery party with Mr. and Mrs. Bud White.

Mowat, who today admitted 42 summers, was fully clothed and was wearing heavy army boots when he made the rescue. When both men were back in the boat, operated by Hugh Creed, Brentwood, "Rebel" applied artificial respiration until the boat reached shore where a Saanich fire department inceptor crew succeeded in reviving the 47-year-old McDougall.

It will be the second award to the wise-cracking star of the charity baseball games of a few years ago. In February, 1921, he received a Royal Humane Society medal when he saved two girls from drowning under the ice in Goodacre Lake, Beacon Hill Park.

Contractors Get \$650,000 On Campbell River Job

A 45-per-cent increase, or an estimated \$650,000 to \$700,000 will be awarded the General Construction Company Limited, for its extra costs on the John Hart Development at Campbell River, for the B.C. Power Commission, as a result of the findings of Mr. Justice Sidney Smith, announced today.

The Poker Commission in estimating the cost of the award to the commission said it amounted to approximately two-thirds of the company's claim which was stated at \$850,000. The hearing lasted four days at the Court House in Victoria and both the company and commission agreed to abide by the commissioner's findings. There will be no appeal.

Mr. Justice Smith was agreed upon as sole arbiter by the General Construction Company and the Power Commission to determine to what extent the contract unit and lump sum prices should be increased, because of factors which added to the cost after the tender had been accepted and which the contractor had no control over.

COST INCREASES LISTED

Those factors were listed as: 1, enactment of the Hours of Work Act Amendment Act, 1946 and the Annual Holidays Act; 2, increases in wage rates; 3, increases in price for materials and supplies; 4, increases in truck hire rates; and 5, general shortage of men, materials and machines.

"In my opinion 45 per cent is a fair and equitable amount by which the contract unit and lump sum prices, both for the estimated quantities and additional work, should be increased," Mr. Justice Smith said in reference to the five factors.

He continued: "I am further of opinion that, due to the amount of extra work

required, there should be an additional allowance of 5 per cent for field overhead charges, general superintendence in the field, and general expenses in the field.

"The definition of 'actual net cost' is adequate, save that I think it should not cover an allowance for any loss on operation of boarding camps; and that for the sake of clarity this should be expressly so stated in future contracts."

A. C. DesBrisay, K.C., represented the contractors and H. H. Griffin, the B.C. Power Commission.

Motorist Gets 30 Days In Jail

Aubrey Nobbs, 18-year-old motorist, was sentenced to 30 days in jail by Magistrate H. C. Hall in city police court this morning. On Saturday he pleaded guilty to driving a car while his license was under suspension. It was his third offence of this nature.

Magistrate Hall noted defendant's long record of driving offences during the last three years and imposed the jail term after pointing out "mere infliction of fines apparently means nothing to you."

Thieves Take Silver

Thieves who broke into two Cedar Hill Road homes in the early hours of Sunday morning escaped with about \$200 worth of silverware, a quantity of liquor and \$9 in cash, Saanich police reported.

The silverware was stolen from the home of Mrs. C. W. Stocker, Box 2261 Cedar Hill Road.

The liquor and cash were taken from the home of J. L. Roberts, Box 2257.

Entry into the Stocker home was made by prying up a locked window.

Entry into the other home was through an unlocked window. There were three sleeping in the Roberts' home at the time of the robbery.

A seven-day jail sentence was given Orville Johnson today by Magistrate H. C. Hall in city police court. He pleaded guilty to driving a car while under the influence of liquor Saturday night on Quadra Street. Constable N. Galbraith said the accused sideswiped a parked car considerably damaging it.

Investigation Of Illicit Trade In Sleeping Tablets

The Attorney-General's Department has had no word of a reported investigation in Vancouver of operations of black market dealers in sleeping potions, including doctors who issue illegal prescriptions.

The report states that the College of Physicians and Surgeons has issued a warning to members regarding sleeping tablets being made available to the general public.

The sleeping pills are used by narcotic addicts and also have been the cause of death in recent suicides.

It is reported that less than 1 per cent of B.C.'s 1,500 doctors are involved in the investigation.

The warning from the medical association follows a comment from a psychiatrist that the black market is a factor in a "cycle" of suicide attempts on the mainland.

B.C. Odd Fellows, Rebekahs Begin 4-Day Convention

The annual grand lodge session of the B.C. Odd Fellows and the sister organization, the Rebekahs, got under way today as representatives of 110 lodges throughout the province gathered at the I.O.O.F. Hall.

Originally scheduled for June, the convention was postponed until now because of mainland floods.

Presiding over the four-day gathering are C. Oscar Matson, Penticton, grand master of the Odd Fellows in B.C., and Mrs. Rita Davidson, Ladysmith, provincial head of the Rebekahs.

The official program will start tonight with a meeting of the Victoria Lodge No. 1 which will be followed by a social gathering. The general convention will assemble Tuesday following a morning visit to Butchart's Gardens.

Wednesday, the general convention will receive civic greetings from Mayor Percy George.

Among items for discussion at the general meeting is a proposal for the establishment of a special fund for the rehabilitation of members of lodges in the Fraser Valley area who suffered through the recent floods.

Food, Fuel Shortage Feared In Victoria If Strike Develops

A food shortage affecting nearly every household commodity loomed for Victorians today as the result of the threatened July 15 railway tie-up.

Dealers said a strike would bring about a serious shortage in some of the most vital foodstuffs, such as milk, meat and a variety of vegetables.

A railway strike would also reduce considerably fuel stocks already low as the result of the 21-day transportation tie-up caused by the Fraser River flood, dealers said.

STOCKS ARE LOW

Wholesalers said Victoria was dependent on the east for practically all its food commodities, which included canned milk, flour and cereals. Stocks in many commodities were low at the moment due to the tie-up caused by the floods, they said.

With regard to meat and butter, dealers estimated stocks would be depleted in two weeks if the railway strike took place. "We have very little frozen stocks on hand," said one dealer. "We are depending on Vancouver for our supplies."

The dealer said 60 per cent of the beef and pork shipped from Vancouver to Victoria came from the prairies.

Vancouver Island has never been self-sufficient in milk and butter products, he said, and was dependent on the mainland which in turn was dependent on the prairie provinces for supplies.

LIMITED SUPPLY HERE

He said for a short time beef and milk would be available in livestock areas of the provinces, but the supply would only last for a short time.

Meanwhile, fruit-growers on Vancouver Island faced serious losses as the proposed strike drew nearer to the July 15 deadline. The strike would stop shipment by rail to markets of their crops.

Road transport companies said they would be able to handle and distribute some food products, but they could not hope to fill in for rail traffic.

Poisonous snakes are milked of their venom, which is used in manufacturing antitoxin.

Catherine O'Sullivan, Native Of City, Dies

Miss Catherine O'Sullivan, 413 Quebec Street, a native of Victoria, who was a member of the old firm of Angus Campbell & Co., died Sunday in St. Joseph's Hospital after a short illness.

Born in a family home on Quebec Street, Miss O'Sullivan attended the convent here and was active in overseas work during the First World War. She was a member of the Canadian Club and the Red Cross.

She is survived by three sisters, Miss Elizabeth and Miss Anna O'Sullivan, 413 Quebec Street, and Mrs. Lawson, Vancouver.

Funeral service will be held in St. Andrew's Cathedral at 9 Tuesday morning. Burial at Ross Bay cemetery. Hayward's B.C. Funeral Co. have charge.

Bigamous Marriage Hearing Opens In City Police Court

"We lived 25 years together and had seven children," said the first wife.

"He told me he was a bachelor and had never been married," said the woman the man is charged with marrying bigamously.

This was testimony given before Magistrate H. C. Hall today at the preliminary hearing of a charge against Harold Horton Clarke of marrying Marguerite Connor while still being married to Agnes Helena Mary Clarke.

Hearing was remanded to Friday at the request of C. L. Harrison, city prosecutor, in order to have time to secure documents from the department of vital statistics.

Mrs. Agnes Clark identified a paper as a certificate of marriage between herself and accused 27 years ago. She also identified a court paper granting judicial separation dated June 2, 1947.

Detective John Lund of the city police said he interviewed the defendant with Det-Sgt. Henry Jarvis and the accused stated at that time he thought he had been divorced from his first wife.

Marguerite Connor identified a certificate as the one signed by herself and accused in Port Angeles when they were married on November 22, 1947.

J. S. Brandon is appearing as defence counsel.

Supplied Indian Girl With Wine

Louise West entered a plea of guilty in city police court today to a charge of supplying an Indian girl with loganberry wine. He was remanded until Tuesday for sentence. Magistrate H. C. Hall ordered the remand after West had said he has been working at a coal yard and had asked leniency this time.

Week's Boat Cruise Enjoyed By Group Of Y Members

A mixed group of 14 members of the Y.M.C.A., under the direction of program director Bob Morrison, returned Sunday from an enjoyable week's cruise of Vancouver Island and mainland points aboard the launch "Song-hee."

Undertaken as part of the Y.M.C.A. summer series of educational tours the trip started from Victoria last Sunday. The group traveled to Nanaimo from which point they took a bus to Sproat Lake. However, heavy rain caused a change in plans and the group returned to Nanaimo Tuesday.

For the next three days the party spent the time cruising up and down the mainland coast calling at Buccaneer Bay, Smuggler's Cove and Pender Harbor. On Friday they again returned to Nanaimo, leaving that night for a trip to Salt Spring and Galiano Islands. Hiking was enjoyed at the islands, the party stopping at Ganges and Beaver Point.

A week-end tour has been planned for Aug. 7 and 8 to Salt Spring and Galiano Island while another week's trip will be scheduled some time in August.

Reservations are now being accepted at the "Y" for the week-end tour to the B.C. Power Commission project at Campbell River, Aug. 14 and 15.

There are openings available for the week's summer camp at Glinz Lake July 24 to 31.

Wants City To Pay For Car Repairs

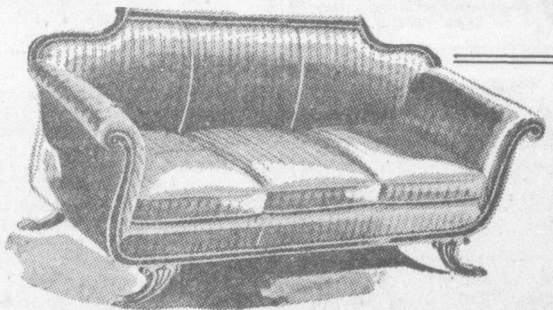

A Vancouver motorist is trying to get the city to pay repair costs on damage suffered by his automobile during a recent Victoria visit.

In a letter to the city today, Charles L. Echlin wrote that his car had been damaged June 28 when he struck a length of cast iron pipe on Fairfield Road, the site of a new pipe-laying project.

Mr. Echlin claimed the "construction work was very poorly protected by warning lights," and believed that, in consequence, the city should pay for the repairs to his car.

J. L. Adams, Vancouver, will serve as acting regional construction engineer for the B.C. regional office of Central Mortgage and Housing Corporation during the absence of M. C. Nesbitt, according to a letter received at City Hall today.

At the Y.M.C.A. Camera Club meeting, Greg Thomas gave a lecture on "Bas-Relief." A showing of color slides was given by Norman Masserscheidt. On Thursday a competition on "Holiday Celebrations" will be held among club members.

New Pieces Arrive

Powerful Film Now Showing At Odeon

There was an undercurrent of excitement throughout the first showing of Columbia's "The Sign of the Ram," which opens today at the Odeon Theatre, and at the last dramatic scene, the audience's warm approval was clearly noticeable.

The film is a powerful, emotional experience which ranks as one of Hollywood's more important productions of the year.

Based upon Margaret Ferguson's best-selling novel and its shocking story of what one woman dared for love, "The Sign of the Ram" marks the return to the screen of Susan Peters in the type of role which is usually reserved for Bette Davis.

It is a tribute indeed to an actress of Miss Peters' age that she has turned the characterization into a personal triumph.

CAPITOL THEATRE

Two great comedians, Edgar Bergen and Rudy Vallee, are appearing together in George Stevens' production of "I Remember Mama" now at the Capitol Theatre, for RKO Radio, and for them this screen chore was something of a reunion.

Eleven years ago Vallee, defying officials who called the idea "ridiculous," introduced on his own air show a comparatively unknown ventriloquist.

The voice-thriller was Edgar Bergen and his wooden stooge was Charlie McCarthy.

DOMINION THEATRE

A year's sketching and photographing trip through the "big woods" of the State of Maine provided the authentic details for the great forest background of Walt Disney's feature, "Bambi," in color by technicolor.

The picture tells an intensely emotional story in terms of appealing animal characters. It is now being shown at the Dominion Theatre.

STARLIGHT THEATRE STAR—Juan Root, well-known radio actor, will play the role of Capt. Tarratz in the first production of the Starlight Theatre, "The Student Prince," which opens for a three-day run at Royal Athletic Park on July 19. The Starlight Theatre will bring to Victoria audiences four productions in this, its first season, including "Flora and Ula," "The Great Waltz" and "Naughty Marietta." Tickets can be obtained for all performances at Fletcher's Music Shop.

Film Production During Summer Shows Decrease

HOLLYWOOD (AP) — Just when people thought the film production outlook couldn't get worse, it does.

For a year or more we've been hearing how Hollywood has been beset with a variety of knotty problems—anti-trust suits, British quotas and taxes, a faltering box office, etc. These stresses and strains are showing themselves in a generally decreased rate of film production during the summer months.

TODAY'S FEATURE: HOLLYWOOD SIGHTS AND SOUNDS

Sonja Henie rehearsing a song and dance number which she will perform without skates in "The Countess of Monte Christo" . . . Danny Kaye and Tony Martin on the golf course discussing their London triumphs . . . Cut-ups Abbott and Costello waging a squirt-gun war on the "Mexican Hayride" set . . . Gregory Peck and his fellow "Yellow Sky" desperados fighting gun duels with pointed fingers.

Douglas Fairbanks Jr., studying sheet music for his "The O'Flynn" song numbers . . . Alexis Smith of Penitence, B.C., in very short skirts for a "South of St. Louis" dance hall routine . . . Bette Davis and Bob Montgomery acting friendly on the "June Bride" set, just as though there were no rumors of a feud. "Key Largo" (Warners) is an-

YORK INTERNATIONAL—"The Dark Corner," starring Mark Stevens.

other hit from the director-writer talent of John Huston. He has woven a gripping drama from the story of a gangster who holds peaceful citizens captive in a hotel on a Florida key. The message is a bit muddled, but the action isn't. Huston brings out the best in the story and the performers—Bogart, Robinson, Bacall, Barrymore and Trevor.

The successful reawakening of a demoralized community through the efforts of a young man and his sweetheart, who put personal interests aside to accomplish their aim, provides an unexpected climax in Robert Riskin's romantic comedy, "Magic Town," co-starring James Stewart and Jane Wyman, which is showing at the Atlas Theatre.

As the young lovers Stewart and Miss Wyman find that their future happiness and that of their fellow citizens lies in restoring the faith of the town's people they have almost destroyed by thoughtlessness.

They bring about normalcy in the course of hilarious happenings that befall them in their task.

The supporting cast of players features Kent Smith, Regis Toomey, Ned Sparks and Wallace Ford.

"Death Valley" Film Brings Actress Back

Barbara Reed, beautiful and talented young actress seen in the all color sensational outdoor drama, "Death Valley" started her screen career four years ago.

She first appeared in "Three Smart Girls" which proved she was capable of going places on the screen.

Suddenly she decided to quit and retired to Laguna Beach, California, to take up ceramics, that's making things of clay, at the famous art colony at that spot.

She returned to the screen to do a series of mystery pictures and now appears in the second femme lead in "Death Valley" which stars Robert Lowery, Helen Gilbert, Nat Pendleton.

"Death Valley" is a story that tells what happens to prospectors who go gold crazy and was shot in Death Valley itself in natural color. Directed by Lew Landers it is being shown at the Rio Theatre today.

Jersts Reported Driving Customers From Movie Houses

By BOB THOMAS

HOLLYWOOD (AP) — Are you a theatre jerst?

Of course, you know what a theatre jerst is. That's a combination of jerk and pest who makes life miserable for the average patrons who want to see a movie in peace and quiet. Movie manners have become so bad in recent years that many customers are going to pictures less often because they can't stand these pesky jersts.

I consulted a friend of mine, manager of a local first-run film house. I found him a broken man.

COMPLAINTS CLASSIFIED

I have classified his complaints and added a few of my own in the following jersts:

1. Corn chomper. This character tries to see how many decibels he can get out of a bag of popcorn.

2. Knee nudgers. He likes to shimmie up the back of your seat with his knees. By the end of the show you feel as though you've taken a vibrator course.

3. H. V. Kaltenborn Jr. This bush-league know-it-all has to comment on the entire picture. He's the guy who shouts "You'll be sorry!" in the middle of a tender wedding scene.

4. Loge Lotharios. While you're trying to watch the picture, they're pitching noisy woo.

5. Seat arm monopolist. He demands full right of both seat arms and will jab you until he gets his way.

GUM ON SEATS

6. Pepsin prankster. This lamebrain takes pleasure in leaving chewing gum on seats so the next squatter will get stuck.

7. The shifter. He's the guy in front of you who does a sitting St. Vitus dance.

8. Seat sprawler—This lanky lad demands a diameter of three seats in all directions. He should be made to pay for them.

Big Fire Sequence Creates Excitement

The entire fire department at Universal-International Studios was called out to stand by for the greatest fire sequence ever attempted inside a sound stage, for scenes in Walter Wanger's "The Lost Moment," now at the Plaza Theatre.

The Universal-International release co-stars Robert Cummings and Susan Hayward.

The biggest fire ever photographed on an interior stage turned out to be just that. For a scene with Agnes Moorehead, as the 105-year-old Juliana, the fire leaped to such proportions that Cummings had to dash in ahead of his scheduled entrance and carry out Miss Moorehead. Luckily, Hal Mohr, the cinematographer, had his cameras grinding and got the shots.

Laughs Galore In "Bride Goes Wild"

What happens when a playboy writer is forced to assume the obligations of a father in order to prove his respectability makes for the hilarious happenings of "The Bride Goes Wild," the M-G-M comedy-romance in which Van Johnson, June Allyson and Butch Jenkins are put through their paces on the Royal screen.

Here is a picture that will have you laughing at the fate of the first subtitle. Johnson is the indolent and mischievous writer of children's animal stories. Miss Allyson is the prim, puritanical New England drawing teacher who has been assigned to illustrate his latest book.

When she discovers the author to be more addicted to alcohol than to art she precipitates a crisis which involves the introduction into his bachelor quarters of an "enfant terrible" in the person of young Jenkins.

'The Dark Corner' Is Terror Classic

Twentieth Century-Fox, the studio that has brought such suspense and terror classics to the screen as "Laura" and "Hangover Square," has done it again with "The Dark Corner," the new hit which opened today at the York Theatre, starring Lucille Ball, Clifton Webb, William Bendix and Mark Stevens.

Seldom before has the screen told a story to match this dark

adventure of startling terror; rarely has a film been made with such superb perfection of acting, direction and production. Here is, indeed, a motion picture whose terrific dramatic impact, sheer suspense and solid entertainment values will stay with you for a long time to come.

Action, Suspense In New Comedy

Replete with suspense, action and delightful comedy, "Three

Wise Fools" presents four of Hollywood's top names on the Oak Bay screen.

With nine-year-old Margaret O'Brien carrying the top feminine role in this ingenious and engrossing story of a little girl's attempt to storm the hearts of a trio of selfish, isolated old men, three of Hollywood's favorite male players are seen.

They are Lionel Barrymore, taking a vacation from his popular Dr. Gillespie roles, Lewis Stone, away temporarily from the Hardy family stories, and Edward Arnold.

ONE MINUTE NEWS ABOUT JOHNS-MANVILLE

Old Photo Album Proves a Point!

There's nothing like an old photo album to make you realize how our tastes change and how progress keeps marching on.

Today, your J-M reporter compared pictures of an asbestos shingle 35 years ago and the modern J-M Durabestos Shingle. The basic ingredients—asbestos and cement are the same—both are rotproof and fireproof. But what a difference in appearance! Today's Durabestos Shingle has color and pleasing texture. Its deep, rich graining and staggered butts resemble attractive weathered wood shingles. What's more, the modern Durabestos Shingle is easier to handle and apply and a lot more economical.

Ask your nearest J-M dealer for free folder showing the style and four blended colors of J-M Durabestos Shingles. Asbestos Building Materials Ltd., 707 Johnson St., G 7314.

Sans Blossoms ... But Cherries

THE CHERRIES looked good, I couldn't ignore, so I bot a pound at the neighborhood store. At Haywood's Grocery... where they're well qualified, to serve all those living... on growing Hillside I said to Mrs. Haywood, "these cherries A-1, & if I can resist, with them I'll have fun. 'Cause our cherry tree, this year a-flop, it blossomed too early to have any crop."

WE HAVE a new crop of English Axminster rugs in all wanted sizes... they're lovely... and the 6 by 7.6 costs only \$39.00.

SO... when I got home, to the G.F. I said, "have you by chance... dark green thread?" "Now WHAT?" she replied, "do you want with that... where'd you get these things... so Bing and fat?" "Hurry!" I said, before they get here, 'cause fruit on our tree is gonna appear." She found the thread, as quick as could be, I tied a dozen, on our tree. And over the branches I let a few drop, but there weren't many... that grew in a loop.

THE FINAL FEW ice boxes we have left, we can sell you for only \$14.50... holds 60 lbs.

THEN I HEARD... their shouting hearty, returning home... from a birthday party. "Hi-ya Pap... whatcha doing with the thread?" "Oh... just tying the bells in the Canterbury bed." "Well... we don't want any supper, do we dear, so we'll both stay, and play out here." "O.K.," I said, "after supper I'll see, but better pick up your scooter, by the cherry tree."

YOU'D BETTER PICK UP one of these new studio lounges for your summer camp... have the 3 loose cushion back... against a detachable rest... will sleep two... green or wine rep... Warehouse at Humber's... only \$59.00.

I sat down to supper... but kept a look-out. Soon we heard an excited shout. "Daddy daddy... come out here quick, the cherries are huge... all ready to pick." So I sauntered out... a smirk on my face (I was the tape... of their scrambled foot-race). "Gosh Pop... we could fill a sack (their mouths full... a purply-black). Later at bedtime, our eldest said, "I KNEW, DADDY... about that thread, 'cause I found a piece... on the rasp-berries, but I didn't tell Trude... 'cause she LOVES cherries." I leaned down, & kissed her cheek as pink "THANKS PAL," I murmured, AS I GAVE HER THE WINK.

Thousands In Park Hear Three Male Choirs Sing

By AUDREY S.T.D. JOHNSON

A new note in al fresco concerts for Victoria was sounded Sunday in Beacon Hill Park when three popular male-voice choirs gave a combined recital in aid of the Flood Relief Emergency Fund. An estimated crowd of between 2,000 and 3,000 attended and a collection amounting to \$353.88 was taken.

The artistic result of this first venture of its kind was so satisfying that it presages an early repetition. There are few musical effects more thrilling than massed voices. The quality is much that of a symphony orchestra and therefore exceedingly well adapted to outdoor performance. The one or two weaknesses noted on Sunday, such as the spread and "evaporating" of tone in certain places, will be greatly aided when the new bandstand with its closed back, is finished.

WELL CHOSEN PROGRAM

The Arion Male Voice Choir, the Masonic Choir and The Meistersingers, under their respective directors, Eric Hulatt, C. C. Warren and Dudley Wickett, had chosen their program well for the occasion, having considered a variety of tastes in the selections. They were assisted by Grace Adams as soloist. This popular singer's rich soprano voice was especially happy in the Strauss waltz song, "One Day When We Were Young."

Of the six groups of choral numbers, three were given by the massed choirs, opening with

"Prayer of Thanksgiving" and "The Bell Man," conducted by Dudley Wickett with Mrs. Maquinn Anderson at the piano. Eric Hulatt lead them in "The Border Ballad" and Brahms' "Lullaby," and C. C. Warren conducted the Soldiers' Chorus from "Faust" and Sullivan's "The Lost Chord."

DISTINCTIVE CHARACTERISTICS

Each choir, in their individual numbers, showed certain distinctive characteristics. The mellow, smooth production of the senior organization was evident, as the Arion Male Voice Choir, accompanied by Mrs. Clifford Warn, sang "Invictus," "The Glory of God in Nature," by Beethoven, and "There Rolls the Deep." Careful musical detail in their Bach number, "Now Let Every Tongue" showed a fine sincerity in the Masonic Choir. Effective also, were "Hymn Before Action" and "Kings of the Road." Their accompanist was G. H. Peaker.

Fred Waring's arrangement of "Drink to Me Only" drew heavy applause for the Meistersingers. Their vigorous treatment and colorful dynamic qualities were distinguishing features in the singing of "Of Man River" and "The Pilot." A most pleasing effect was gained by the participation of the audience in the final hymn, "O God Our Help in Ages Past."

At the intermission a brief address was given by James McVie, president of the Arion Male Voice Choir, on behalf of the B.C. Emergency Flood Relief.

Five Holes-In-One Scored On Last Day Of Gyro Carnival

The Gyro Club's ninth annual hole-in-one contest finished with a bang Saturday with no less than five holes in one being scored. Three of these were shot by finalists while the other two were sunk in the separate daily competition.

The trio of sharp-shooting finalists consisted of W. H. Young, proprietor of the Cedar Hill Golf Course; P. Stewart, 2571 Musgrave Street, and R. Coste, 1406 Elford Street.

Gyro President William Bond said it would be up to the three men concerned to decide how they would split the automatic laundry unit, which was awarded as first prize.

Mr. Young, who has won the contest on four other occasions, said he would sell his share of the prize and would turn the money back into carnival proceeds.

Mr. Young has followed this procedure on all past occasions when he has won the prize. This year he turned in \$65, which he had won in cash, back to the club as well.

SATURDAY'S WINNERS

"I come here just to help out the Solarium," he said.

Saturday competitors to sink holes in one in the daily contest were Miss Dorothy Strachan, 2300 Beach Drive, and D. McLean, Oxford Street, who split the \$15 first prize and \$10 second prize to receive \$12.50 each.

R. McLeod, 745 St. Patrick Street, won the \$5 third prize by placing a shot four inches from the cup.

J. Mills, 219 Howe Street, won Saturday's tombola prize of \$50 and Mrs. R. E. Wilson, 1511 Bank Street, won an occasional chair.

Total proceeds of the carnival, which will be used to provide more accommodation for nurses at the Queen Alexandra Solarium, will not be compiled for several days, William Hudson, club secretary, announced this morning.

Uncle Ray

PUGET SOUND INDIANS
AFRAID TO KILL DEALFISH

Certain Indians have strange ideas about the dealfish. These Indians live around Puget Sound, and they say that it brings ill fortune to kill a dealfish. If that is done, they declare, it will make the salmon swim away.

The usual length of a full-grown dealfish is from three to eight feet. Just at the back of the head of a dealfish—we might say "above the head"—there is a tall fin which stands up like a plume.

A young dealfish looks different from the adult. It is much smaller, of course, but the thing of special interest about the young one is the fact that thread-like filaments stream back from the front of it. Sometimes (but not always) the threads are three or four times as long as the body.

Dealfish live in salt water. Often they swim at depths of a quarter of a mile or more. When a dealfish is brought up from such a depth, it is likely to burst.

Living deep in the sea, the dealfish has a flat body. One might suppose that the great pressure of the water flattens it. The sides of the fish are close to each other.

Dealfish are in the "ribbonfish" group. Others in the same group also have flat bodies.

Another kind of ribbonfish has the special name of "oarfish." This name came from two long fins, which are broad at the oyster ends and which, for that reason, may remind a person of oars. The "oars" stretch out on either side, near the front of the body.

An oarfish also has a strange fin which stretches from the back of the head clear to the tail. Sometimes an oarfish is more than 20 feet long, and has a fin of almost the same length.

When the flat-bodied oarfish swims along, it might be compared to a moving ribbon. Its color is silvery.

Now and then an oarfish is seen swimming at the surface of the sea. It is believed that the sight of this strange fish has led to some of the "sea serpent" stories which have been told.

The city of Chicago has grain elevator facilities sufficient for more than 27,000,000 bushels of grain.

OUR BOARDING HOUSE

EGAD, JAKE! COME ON, PONY UP! WE OWE JASON \$25 APIECE FOR FINISHING THE HOUSE. IF YOU WELSH, YOUR RANCH TRIP ENDS HERE!

PULLIN' TH' PISTOL, HUH? A GUEST GETS HIS SOUL WRING DRY TO PAY FER PAINTIN' NEX' TIME I VISIT AN' LOVIN' KINFOLKS I S'POSE YOU'LL PUT ON A NEW ROOF!

WHEN THOSE TWO RHINOS GET IN, THIS CAR WILL BE CARRYIN' ONLY FIFT POUNDS MORE THAN A MILK TRAIN!

JAKE WILL FROWN THE FIRST 500 MILES

AROUND HOME

CEE WHITH MYTLE! DON'T TAKE IT THO THESOUT! WE'VE GOT THOME GLUE THAT WILL FIX ANYTHING!

WE STILL HAVE ONE LITTLE PIECE LEFT!

THROW IT AWAY! IF YOUR MOM FOUND IT—

SHE MIGHT NOTICE THAT THE PLATE HAD BEEN BUSTED!

OSARK LIKE

BUGS REGAIN LEAD IN PENNANT RACE

IF THOSE CLOWNS GRAB TH' FLAG I'M RUINED...

BET MY SHIRT ON TH' CROWS, AND THEY'LL WIN OR MY NAME AIN'T BUCK CASINO!

AS OZARK GOES, SO GO THE BUGS... BUT THEY AIN'T GOIN' NO PLACE BECAUSE I'VE GOT PLANS THAT'LL STOP TH' KID COLDER THAN A LOUIS RIGHT CROSS!

VIC FLINT

At the sound of my voice behind him, Silk whirled and fired.

YOU'RE NOT SMART, FELLA. I TOLD YOU TO DROP YOUR GUN, DIDN'T I?

ONE MOMENT MORE, VIC, AND I'D HAVE BEEN AN OBITUARY IN TODAY'S FINAL EDITION. HOW ON EARTH DID YOU DO IT?

VIC! YOUR PISTOL! YOU LEFT IT IN THE CAR!

THAT'S MISS GAILANTREE'S, LIBBY. WE FOUND IT ON THE SIDEWALK OUTSIDE HER APARTMENT.

BUT OF COURSE! I HELD SILK UP WITH IT, BUT HE KICKED IT OUT OF MY HAND!

HE NEEDN'T HAVE. IT WASN'T LOADED.

MR AND MRS BOOTS

SINCE WHEN HAVE YOU TAKEN TO SMOKING CIGARETTES?

I DON'T SMOKE CIGARETTES

THERE ARE A LOT OF CIGARETTE STUMPS IN YOUR ASHTRAY

I KNOW, FELLERS DROP EM IN THERE

YOU MUST HAVE HAD QUITE A PARTY AT YOUR DESK, A MIXED PARTY!

WHAT DO YOU MEAN, A MIXED PARTY?

SOME STUMPS ARE RED WITH LIPSTICK! OTHERS ARE NOT, VERY SIMPLE MRS. SHERLOCK HOLMES!

FRECKLES

WELL, FUG, HOW DOES IT FEEL? NOT HAVING TO GO TO SCHOOL THESE DAYS?

SWELL! AND SPEAKING OF VACATIONS, BOOTS—

AS A FAMILY WHY DON'T WE LATCH ON TO ONE, HUH?

OH-H, VACATIONS COST MONEY, DEAR!

NO GOT?

NO GOT!

TH-A-T'S THE TROUBLE WITH THIS ATOMIC AGE! MONEY! MONEY! MONEY! EVERYTHING COSTS IT!

ALLEY OOP

THIS YARD VACANT SO LONG—SAY, WHAT'S THIS?

NO WONDER, WITH THE PLACE VACANT SO LONG—SAY, WHAT'S THIS?

I GUESS IT MUST HAVE BEEN A FISH POND OR MAYBE A CISTERN!

OR A SWIMMING POOL—A SWIMMING POOL! HEY!

ALLEY OOP WAS PRETTY ANGRY WHEN, ON HIS RETURN FROM ANCIENT EGYPT, HE LEARNED THAT THE FACE OF THE SPHINX, ORIGINALLY HIS OWN LIKENESS, HAD BEEN CHANGED!

OF COURSE WE DON'T KNOW THAT KHAFRA WAS THE KING WHO CHANGED THE FACE OF THE SPHINX!

NO, BUT BY GADGET, WE GOT TH' GADGET WITH WHICH TO LEARN, AN' A GUY TO CARRY IT OUT.

A SWIMMING POOL WITH A LOT OF DIGGING, PRUNES! WHAT A SET-UP!

YEAH, AND WHAT A LOT OF DIGGING, WITH ONLY THREE JOLLY PRUNES TO DO IT!

LET'S FACE IT—OUR CLUB IS GOING TO HAVE TO BE A LITTLE LESS EXCLUSIVE!!

ALLEY OOP

...AN' I PROMISE YOU, I'LL SEE TO IT TH' NUNNY OF TH' LUG WHO TOOK MY FACE OFF TH' SPHINX WILL TURN UP WITH A BUSTED BEAK!

HI—HERE'S A PICTURE OF A STATUE OF KHAFRA!

HIM? OH, HO! HE'S TH' GUY, ALL RIGHT! THIS PICTURE PROVES IT!

Announcements

BIRTHS

DAWES—To Mr. and Mrs. P. J. Dawes (nee Henderson), Royal Jubilee Hospital, July 9, 1948, a son, William Philip.

MARRIAGES

GLOVER—To Mr. and Mrs. Jack Glover, 127 Olive Street, a son, James Grant, at Royal Jubilee Hospital, July 9.

JACOB-KLATT—Mr. and Mrs. A. Klatt, 1448 Highway, announce the marriage of their only daughter, Valerie Marion, to George Alfred Jacob, son of Mr. and Mrs. L. C. Jacob, 416 Island Highway. The ceremony took place on June 2, 1948, at Grace Lutheran Church, Rev. Jensen officiating.

MOODY-CAWSEY—The marriage is announced of Doris Elsie Cawsey, daughter of Mr. and Mrs. Cawsey, 1010 Prior Street, to Albert Raymond Moody, son of Mrs. Lucy Moody, 1010 Prior Street. The ceremony took place on July 10, 1948, at 8.30 p.m., in First United Church, Rev. Dr. J. A. McLeod officiating.

DEATHS

BURNS—Passed away at the Royal Jubilee Hospital on July 10, 1948, after a long illness, Peter James Burns, 416 Island Highway, aged 74 years. He was born in Hamilton, Ontario, and was a resident of Victoria for 28 years. Surviving, besides his wife, Mrs. Burns, are two sons, Ian Robert Burns, Victoria, one daughter, Mrs. May Burns, Victoria, one grandson, Peter, Victoria, and one brother, James Burns, Victoria, and one sister, Mrs. Edith Burns, Victoria. The funeral will be held in the chapel of the Royal Jubilee Hospital on Tuesday, July 13, 1948, at 3 p.m. Interment in the Royal Oak Burial Park.

CHANDLER—On July 10, 1948, at St. Joseph's Hospital, George Samuel Chandler, of 419 Springfield Avenue, in his 74th year, born in New York City, Suffolk, England, and a resident of this city for 45 years. Surviving, besides his wife, Mrs. Elizabeth Chandler, at home, and one son, Maurice Chandler, of 271 Michigan Street, are two daughters, Mrs. Mary Chandler, of 271 Michigan Street, and Mrs. Elizabeth Chandler, of 271 Michigan Street. The funeral will be held in the chapel of the Royal Jubilee Hospital on Tuesday, July 13, 1948, at 3 p.m. Interment in the Royal Oak Burial Park.

GILBERT—At St. Joseph's Hospital on July 11, 1948, Justin Gilbert, of 328 Douglas Street, aged 81, beloved husband of Mrs. W. Gilbert, born in New York City, Suffolk, England, and a resident of this city for 45 years. Surviving, besides his wife, Mrs. W. Gilbert, at home, and one son, Maurice Chandler, of 271 Michigan Street, are two daughters, Mrs. Mary Chandler, of 271 Michigan Street, and Mrs. Elizabeth Chandler, of 271 Michigan Street. The funeral will be held in the chapel of the Royal Jubilee Hospital on Tuesday, July 13, 1948, at 3 p.m. Interment in the Royal Oak Burial Park.

JAY—Emily Louise Jay, wife of the late Magistrate George Jay, of 2044 Beach Drive, passed away at the Royal Jubilee Hospital on July 10, 1948, after a long illness. She was born in New York City, Suffolk, England, and was a resident of this city for 45 years. Surviving, besides her husband, are two sons, Maurice Chandler, of 271 Michigan Street, and Mrs. Elizabeth Chandler, of 271 Michigan Street. The funeral will be held in the chapel of the Royal Jubilee Hospital on Tuesday, July 13, 1948, at 3 p.m. Interment in the Royal Oak Burial Park.

DAVIES—In loving memory of my dear son, P.O. Walter Allan Davies, who died at the Royal Jubilee Hospital, July 12, 1948. He was a loving and devoted son, and a great help to his mother. He was a member of the Victoria Branch of the Royal Canadian Mounted Police. The funeral will be held in the chapel of the Royal Jubilee Hospital on Tuesday, July 13, 1948, at 3 p.m. Interment in the Royal Oak Burial Park.
